

Opportunities for States in Federal Health Care Reform

Joint Hearing
of the California
Senate Health Committee
and
Assembly Health Committee

Alan Weil
Executive Director
National Academy for State Health Policy
May 12, 2010

1. Be Strategic with the Insurance Exchange

2. Regulate the Commercial Health Insurance Market Effectively

3. Simplify and Integrate Eligibility Systems

4. Expand Provider and Health System Capacity

5. Attend to Benefit Design

6. Focus on the Dually Eligible

7. Use Your Data

8. Pursue Population Health Goals

9. Engage the Public in Policy Development and Implementation

10. Demand Quality and Efficiency from the Health Care System

To Do This You Need...

- **Know the Legislation**
- **Executive Branch Leadership**
- **Strategic Plan**
- **Operational Plan**
- **Define Resource Needs**
- **Engage with the Federal Government**
- **Engage with Other States**
