System Enhancements Implemented

- Improved income reporting requirements
- Remote Identity Proofing
- Verification caching to reduce federal hub hits
- Suspension of paper documentation for residency verification
  - Use of electronic residency verification via MEDS and FTB
- Improved eligibility response times between systems
- Improve system infrastructure to handle transaction volume
Pending Application Mitigation Strategies

• County/State Collaboration
  – Weekly County Directors Call
  – County Operations Call (three times per week)
  – Pending Application Daily Technical Assistance Call
    ❑ Data File Sharing

• County site visits

• Continued use of self attestation for residency

• Alternative renewal strategy for 2014 renewals
Renewal Update
Overview of 2014 Medi-Cal Renewals

• Renewal efforts began in April 2014 with the mailing of the Request for Tax Household Information (RFTHI) form.
  – 5 month delay in renewals with renewal activity commencing in June 2014
    • Doubling up of renewals between January through October

• Policy guidance issued to the counties on the following:
  – How to process cases that must be converted to MAGI and steps to take for non-compliance;
  – Use of Alternative Renewal Strategy

• Many large counties reporting a 50-70 percent consumer response rate for renewals, compared to a 60-70 percent response rate in 2013.

• Some counties seeing less than 50 percent response rate.
Significant ACA Simplifications for 2015 Renewals

• ACA included significant changes for Medicaid renewals that makes the process much simpler and easier for consumers.

• Initial upfront (ex parte) review of consumer’s available electronic information to renew eligibility and use of prepopulated forms
  – If all information is available and indicates continued eligibility, the individual’s coverage will be continued for another 12 months
  – If all information is not available and/or the information does not indicate continued eligibility, the consumer receives a pre-populated form and only needs to enter information that was unavailable and/or inaccurate.

• Consumers will also be able to renew their Medi-Cal coverage online via the Covered California website if they choose.
Overview of 2015 Medi-Cal Renewal Process

• Began October 2014 for beneficiaries with January renewal dates.

• If beneficiaries are discontinued but provide information within 90 days of discontinuance that demonstrates continued eligibility, their eligibility will be continued retroactively to their discontinuance date.

• DHCS is working closely with Covered California to ensure that clients who have both Medi-Cal and Covered California insurance coverage are renewed seamlessly through both programs.
October-February Considerations for Consumer and County Impacts

• Combination of factors from October through February will lead to complex and competing priorities this fall for counties, and potential for continuing consumer concerns:
  – Resolving remaining pending applications from 2014
  – 2014 renewal processing and discontinuances/reinstatements
  – 2015 renewals ex parte process beginning in October
  – Covered California renewals transitioning more consumers to Medi-Cal
  – Open Enrollment Nov 15-Feb 15 will result in additional applications.
Upcoming System Improvements

• Single Streamlined Application
  – Readability Improvements
  – Family Relationships
  – Immigration Status

• Notices of Action

• Negative Action

• Data (eHIT) transactions between county systems and CalHEERS
  – Real time error reporting
Outreach and Enrollment Update
The California Endowment
Grant Funding Update

• Enrollment assistance provided by Certified Enrollment Counselors and Certified Insurance Agent Programs

• $14 million ($28 million total funds with federal match)
  – Supports approximately 480,000 applications
  – $6.4 million invoiced payments to date (payments to be made no later than 11/30/14)
    - Certified Enrollment Counselor payments - $4 million
    - Certified Insurance Agent payments - $2.4 million
The California Endowment Grant Funding Update

• Outreach and enrollment grants

• $11.5 million ($23 million total funds with federal match) allocated to 33 counties
  – Includes County Medical Services Program County Group comprised of 13 counties

• Counties are required to commit a certain portion of their funding to community based organizations.

• Ends June 30, 2016.
Outreach and Enrollment Grant
Targeted Populations

• Persons with mental health disorder needs
• Persons with substance use disorder needs
• Persons who are homeless
• Young men of color
• Persons who are in county jail, state, prison, on state parole, on county probation, or under post release community supervision
• Families of mixed-immigration status
• Persons with limited English proficiency
Snapshot: Grant Funded Outreach and Enrollment Projects

Six counties with O&E efforts aimed towards young men of color:

- **El Dorado**: Launch a social media campaign (aimed at college students), provide outreach to churches and their congregations, and collaborate with schools during late summer for back to school events.

- **Fresno**: Create awareness of enrollment events through media advertising and distributing fliers, collaborate with religious institutions, and participate in local events.

- **Kern**: Develop outreach material and training modules for CBOs and participate in community events and hold meetings with CBOs to discuss strengths and weaknesses of performance.

- **Modoc**: Use television, radio, newspaper, and social media to share information about Medi-Cal, attend group and public meetings, attend community events, and provide transportation for individuals and families to facilities for enrollment and recertification.

- **San Joaquin**: Ensure 20,000 of the uninsured, newly eligible population are made aware of the Medi-Cal expansion and work with San Joaquin Behavioral Health Services to ensure O&E efforts are aimed towards newly eligible and unenrolled individuals.

- **San Mateo**: Distribute outreach material at the county jail to uninsured individuals and administer an incentives program for all Mental Health Ambassadors who will be deployed into their local neighborhoods to conduct Medi-Cal outreach and education activities.
Snapshot: Grant Funded Outreach and Enrollment Projects

• Additional county outreach and enrollment efforts:
  – **San Francisco**: Conduct education and training events for homeless services and housing providers on health care options and enrollment/retention activities; conduct enrollment activities at single adult shelters, homeless shelter sites, and other locations.
  – **San Bernardino**: Establish outreach and enrollment hubs at designated locations through the county and have weekly enrollment events at the hubs.
  – **Santa Clara**: Conduct outreach and enroll homeless individuals, individuals moving toward or residing in permanent supportive housing, and individuals on parole, probation, and post-release community supervision.
  – **Alameda**: Liaise with the Sheriff’s Department to develop processes and protocols for suspending and reactivating Medi-Cal per AB 720.

Sources Of Coverage Among California’s Previously Uninsured

Are you, yourself, now covered by any form of health insurance or health plan including a private health insurance plan, a plan through an employer, or a plan through Medi-Cal, or do you not have health insurance at this time? Which of the following is your MAIN source of health insurance coverage?

- Remaining Eligible Uninsured: 29%
- Medi-Cal: 25%
- Covered California: 9%
- Remaining Undocumented Uninsured: 13%
- Somewhere else/Unknown: 6%
- Employer-Sponsored Insurance: 12%
- Other non-group: 5%

Newly Insured: 58%

Remaining Uninsured: 42%

Likely eligible* — 800,000
Enrollment Update

• **1.12 million** Californians effectuated coverage through Covered California.

• This is an **81% effectuation rate**.
Enrollment Update

- Covered California continues to enroll individuals who experience a qualifying life event outside of open enrollment.

- From June to September: over 200,000 individuals completed applications and selected a plan.

- This is a monthly average of 50,000 – slightly less than originally projected of 60,000 a month.
• Covered California is required to verify citizenship/immigration status of all consumers.

• 98,900 families, or 148,000 individuals, did not submit documents or have submitted the wrong documents during their enrollment.

• Covered California reached out to these consumers and was able to verify the vast majority of individuals.

• 9,645 families, or 10,474 individuals will receive termination notices, but will still be able to re-apply.
Covered California: First Ever Renewal Process

• Covered California began the renewal process for 1.12 million individuals.

• With few exceptions, consumers who take no action will be automatically renewed in their current plan.
Renewal notices start going out to encourage consumers to renew their coverage by picking a new plan or staying with their existing plan. Consumers should visit CoveredCA.com and update their information.

Last day to change your plan selection to avoid any gap in coverage. Consumers who do nothing will be automatically renewed in their current plan.

Premium must be received by your plan by Dec. 26 to avoid any gap in coverage.

Up until the end of open enrollment, consumers who renew their coverage can change their plan.

Lessons Learned
Key Lessons Learned
“Covered California Open Enrollment 2013-2014: Lessons Learned”

- Many consumers are new to insurance and need extensive education about health insurance terminology, how to enroll in coverage and how to use insurance.
  - For 2015 open enrollment, advertising messaging is attempting to explain, in first-person testimonials, that health coverage means going to the doctor and getting the care you need.

- Affordability means different things to different people.
  - New advertising and marketing materials include testimonials from newly insured Californians explaining that insurance is a bill they don’t mind paying each month, with an emphasis on the peace of mind of having coverage and the financial security it brings for those able to purchase it.

- Target enrollment groups have unique interests, experiences and perspectives and require tailored messaging and customizable materials.
  - Covered California has developed, will continue to develop and will coordinate with efforts of partners, to deliver customizable, focused campaigns with our community partners and insurance agents for open enrollment in 2015.
Key Lessons Learned

“Covered California Open Enrollment 2013-2014: Lessons Learned”

• Educators, assisters and all service channels need effective training, ongoing support and streamlined communications to support their outreach, education and enrollment activities.
  o Efforts are underway to provide updated training to all service channels and give Certified Insurance Agents access to information in Covered California systems about their own customers so they can help meet customer needs.

• Agents, enrollment counselors, grantees and other community partners need state and regional support and coordination.
  o Efforts “on the ground” for open enrollment for 2015 will be coordinated even more, with coordinated communication and advertising support for more than 250 organizations, 6,300 Certified Enrollment Counselors and more than 12,000 Certified Insurance Agents.

• Partnerships matter and are transformative.
  o Covered California will build on, nurture and continue to expand partnerships and relationships going forward.

Key Messaging: Overcoming Enrollment Barriers

Covered California is the only place that offers financial assistance and an objective and reliable way to comparison shop for quality health care plans.

**Affordability** - Covered California helps make quality health care more affordable by offering financial assistance for those who qualify.

**Accessibility** - Covered California gives Californians the power to access and choose the health care plan that fits their needs.

**Security/Peace of Mind** - Acquiring health insurance from Covered California protects Californians from the what-ifs of life.

**How to enroll** - Promote self-enrollment and the availability of local, in-person enrollment assistance that is free and confidential.

**Immigration concerns** – Promote the fact that immigration information is not shared with immigration services.

Pillar 3: Enrollment and Retention
Improving All Service Channels

• Starting open enrollment with **more than double** the number of Service Center Representatives (expected 1,300 for 2015).

• **Expand multi-lingual services** without the use of third-party interpreters (55 last year – expected 254 Service Center staff for 2015 for language other than English).

• **Expand Service Center hours** to accommodate consumers (M-F 8am-8pm, Sat 8am-6pm, and every Sunday from Nov. 16 through December 15).
• Upgrade online enrollment portal for speedier page loads and friendlier consumer-interface.

• For some plans, option for initial online payment will be available for consumers.

• Redesign Interactive Voice Responses to decrease wait times and updating consumers on wait times if they are on hold.
• **Improved, clearer notices** for both English and Spanish.

• **Enhanced support for partners**, including tools, trainings, and expanded dedicated support lines for Certified Agents and Enrollment Counselors.

• **Launching over 200 storefronts** in popular locations such as malls to conduct education enrollment on a drop-in basis.

Challenges for 2015
Challenges for 2015

- **Short time frame and high volumes**
  - Three month open enrollment
  - Renewal of over 1 million in Covered California
  - NEW enrollment in Covered California of over 750,000
  - NEW enrollment in Medi-Cal of over 1 million

- **First Time Renewal**
  - High volume and new experience for many
  - Will allow for “auto-renewal” of many
    - SOME Exceptions (e.g., Health Net’s PPO to EPO)
  - Need to help consumers understand changes in subsidy and premium may provide important opportunities
  - Need to help consumers maximize subsidy (benefit from cost-sharing subsidies)
  - Supporting renewal with all channels (agents, Certified Enrollment Entities, call center, self-service)

- **NEW Enrollment**
  - Challenges of reaching more who have coped longer without insurance
  - Need convince relatively higher low-income individuals (lower relative subsidy) to enroll
  - Outreach critical to Latinos, African Americans, and Asians/Pacific Islanders
Challenges for Open Enrollment 2014/2015

• Citizenship Verification
  o Some consumers will be terminated in midst of renewal timeframe – requiring reinstatement AND separate 2015 sign-up
  o Covered California has received help from ALL channels to help consumers document their legal status
  o Notices will be better – but “inconsistency resolution” will be ongoing issue

• Reconciliation and Penalties
  o Consumers will get “1095” by January 31st
  o Information to reconcile tax credits: many may have small adjustments (owing or receiving small amounts), very few may have surprises
    ▪ May lead to consumers wanting to change benefit level
  o Penalty information will be meaningful
    ▪ May lead to February enrollment surge
