slacal.com

To The California Surplus Lines Community:

I am pleased to present you with our **2017 Year in Review**. This collection of documents provides a comprehensive look at what has been another record-setting year for our industry in California.

Last year, the SLA processed **\$6,551,864,881** in premiums on behalf of our members, an all-time high and a 3.4 percent increase over the previous record-setting year of 2016. The record set in 2017 marked the third straight year that California saw record-setting surplus line premiums.

Included for your information are our key financial statistics for 2017, including total processed premiums and items, our membership, new licensees, and statistics on the services we provided last year, including continuing education and our online and onsite training. We also provide lists of the top brokers by group and top carriers by ultimate parent. Last year, we changed the way we provide these listings to account for the ongoing wave of mergers and acquisitions and create a more accurate picture of the market.

As always, the SLA is here to serve its members and to work toward a healthy, fair and competitive surplus lines marketplace. Please do not hesitate to get in touch with us if you have questions or need our assistance.

Sincerely,

Benjamin J. McKay, J.D., M.P.A.

Executive Director

Surplus Line Association of California

Mission Statement

Our mission is to ensure that a responsive and lawful surplus line insurance market is maintained in California. Our measures of success in this respect are that the consumer is protected, the needs of the regulators are well-served, and unlawful activities are curtailed. Through a professional and committed organization, utilizing state-of-

IE SURPLUS LINE ASSOCIATION OF

the-art technology and a challenging work environment, we respond to the needs of the California consumer, our membership. and appropriate public a vide education, processing dissemination of surplus mation to help ensure the financial integrit and stability of the nonadmitted market
