# Natural Disaster Legislation

*As Co-Chair of the Select Committee on Natural Disaster Response, Recovery and Rebuilding, one of my legislative priorities is securing resources and improvements for disaster recovery, preventing such catastrophes in the first place and efficiently responding to them once they occur.*

## My Legislation

- **Disaster Prevention: AB 1956 (Limón) - The Fire Prevention Act of 2018** directs California to increase the scale and pace of fire prevention activities and ensure those activities happen year-round. It further creates a robust year-round local assistance grant program to aide our local communities in implementing fire prevention practices.
- **Disaster Response: AB 1877 (Limón) - Effective and Inclusive Emergency Communication:** This legislation seeks to ensure that California communities, regardless of the language they speak, have improved access to clear and accessible emergency information, by requiring both State and County Office of Emergency Services emergency communications to be made accessible to the members of our community who speak a language other than English.
- **Disaster Recovery: AB 1923 (Limón) - Consolidated Debris Removal Coverage:** **This legislation** would allow a residential property owner in the event of loss during a declared "state of emergency" to voluntarily participate in a consolidated debris removal program for the purposes of making sure that public health and safety is protected.

## Co-Authored Legislation

- **SB821 - Emergency notification: Office of Emergency Services (Jackson)** ensures that emergency communications reach everyone by creating an opt-out emergency alert system.
- **AB 1772 - Fire Insurance: Extending Policy Limits for Full Replacement Cost Coverage (Aguiar-Curry)** whose district experienced the Napa area fires, extends the insurance deadline to recoup rebuilding costs.

*If you need assistance with a state agency or if you would like to invite me to a community event, please do not hesitate to contact me at one my district offices.*
