# McGuire and Wood Move Eureka District Offices

*Eureka, CA* – Senator Mike McGuire and Assemblyman Jim Wood are moving their Humboldt County District Offices this week to a more accessible Downtown Eureka location. Located adjacent to Eureka City Hall and just two blocks from the County Administration building, their new District Offices are easily accessible from Hwy 101.

McGuire and Wood have had joint offices since they were both elected to the legislature and are excited to continue their partnership.

The new offices – officially opening this coming Monday, December 14 – are located at **1036 5$^{th}$ St in Eureka.** Wood and McGuire will be hosting a joint Open House and Gathering at the 5th Street location in the New Year. Details will follow in the next few weeks.

**"We hope the new offices will be easier to find and easier to get to," Assemblyman Wood said. "The district office is a great resource in the community; we have been looking forward to moving it to a more accessible location."**

Staff in the district offices are available to assist with issues related to state agencies, state benefit programs, policy and answer questions.

**"The North Coast's prosperity is a priority for both of us and we're excited to team up and open our new offices," Senator Mike McGuire said. "When we work together, we're stronger and our offices will be a one stop shop if you need assistance on all issues related to the State of California."**

The legislator's respective phone numbers will remain the same. Up to date contact information can be found below.
