

CALIFORNIA DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Financial Assistance Programs

ANNUAL REPORT

Fiscal Year 2014-15

COVER: Berrellesa Palms, Martinez, Contra Costa County is a newly constructed rental project consisting of 49 units on 1.03 acres. The Project consists of 48 one-bedroom units and 1 three-bedroom manager unit targeting senior households with incomes between 20 and 30 percent of Area Median Income (AMI). 45 units will support seniors that are at risk of homelessness and have been diagnosed with chronic long-term health conditions. Total development cost of the Project was approximately \$22 million. The California Department of Housing and Community Development (HCD) Multifamily Housing Program - Supportive Housing (MHP-SH) Component provided \$6 million of loan funds. Additional funding included: \$4.9 million from the County of Contra Costa; \$1.8 million from Bank of the West; \$490,000 from the Federal Home Loan Bank; and the remainder from nine percent tax credits and general partner equity.

I. EXECUTIVE SUMMARY

Housing influences nearly everything around us: our health and well-being, education, transportation, and the economy. A sense of place also plays a pivotal role in creating strong, healthy, and sustainable communities.

With this awareness, the Department of Housing and Community Development (HCD) strives to promote inclusive, resilient communities and preserve and increase safe, affordable housing opportunities through leadership, policies, programs and funding.

During the past year, HCD has developed, refined, and expanded programs to focus on the most critical problems and at-risk populations; produce measurable and significant outcomes; and develop flexibility, nimbleness and efficiencies in how HCD does its work.

This Annual Report provides examples of these efforts in many of HCD's current initiatives:

- Homeless and other highly vulnerable veterans are a primary focus of the Veterans Housing and Homelessness Prevention Program. The first Notice of Funding Availability (NOFA) under this Program was released in February 2015, and resulted in the allocation of approximately \$63 million to 17 developments across California;
- The Affordable Housing and Sustainable Communities Program provided 28 grants and/or loans totaling approximately \$122 million to a variety of projects statewide. These funds will increase greenhouse gas reductions and benefit disadvantaged communities through greater accessibility to affordable housing, employment centers and key destinations via low-carbon transportation options; and
- The Housing-Related Parks Program (HRPP) received the second highest number of applications in its history this year. The increased interest has been due, in part, to legislative changes which provide greater flexibility in the types of units which can be used to qualify for funding.

Specifically, during Fiscal Year (FY) 2014-15, HCD issued 16 NOFA announcements that awarded 402 loans and grants totaling more than \$530 million to city and county government agencies, for- and non-profit developers, service providers, and small businesses. The awards provide funding to build or rehabilitate affordable housing, transitional and emergency shelters, and infrastructure, which strengthens communities through economic development opportunities.

The awards made in FY 2014-15 are projected to produce or contribute to the following accomplishments:

- 4,606 housing units assisted and subject to contractual rent or cost limits;
- 1,064 substandard housing units rehabilitated;
- 4,364 new housing units;

- 1,880 migrant farmworker rental housing units operated during harvest season, which include new and rehabilitated centers; and
- Emergency Solutions Grants funds served more than 14,000 homeless individuals in 23 different counties in an effort to reduce homelessness around the State. Through rapid re-housing, prevention, shelter and outreach activities, 4,430 homeless individuals obtained permanent housing, 2,039 homeless individuals obtained or retained employment and 3,743 homeless individuals obtained or retained other income such as Social Security, Temporary Assistance for Needy Families, or General Assistance.

HCD loans and grants also helped to leverage more than \$2 billion in additional federal, local and private funds invested in the same projects.

While 49 of 58 counties participated in HCD programs, the following table represents the top ten counties that were awarded HCD funds in FY 2014-15:

Table 1 HCD Funds Awarded – Top Ten Counties

Rank	County	Award Amounts
1	Los Angeles	\$112,924,378
2	San Diego	\$47,779,046
3	Contra Costa	\$34,892,166
4	San Francisco	\$33,318,975
5	Alameda	\$32,756,653
6	Riverside	\$25,377,174
7	Santa Clara	\$22,490,125
8	Yolo	\$19,916,468
9	Sacramento	\$17,407,101
10	Tulare	\$14,982,542

HCD awards during FY 2014-15 were drawn from the following fund sources and made through the programs listed:

Table 2 Funding Sources for HCD 2014-15 Awards

Funding Sources and Programs FY 2014-15	Award Amounts
State Bond Funds Proposition 1C:	
Affordable Housing Innovation Program – Local Housing Trust Fund	\$8,812,995
CalHome Program General	\$38,000,000
Housing Related Parks Program*	\$82,406,600
Infill Infrastructure Grant Program	\$41,816,320
Multifamily Housing Program – Supportive Housing	\$3,993,340
Office of Migrant Services	\$1,550,400
Transit-Oriented Development Program	\$16,211,000
State Bond Funds Proposition 1C Sub-Total	\$192,790,655
State Bond Funds Proposition 41:	
Veteran Housing and Homeless Prevention Program	\$63,178,568
State Bond Funds Proposition 41 Sub-Total	\$63,178,568
State Bond Funds Proposition 46:	
CalHome Program General	\$9,300,000
Emergency Housing and Assistance Program – Capital Development	\$2,582,360
Multifamily Housing Program – Governor’s Housing Initiative	\$1,175,000
State Bond Funds Proposition 46 Sub-Total	\$13,057,360
State Funds:	
Affordable Housing Sustainable Communities Program	\$121,955,460
Multifamily Housing Program – Supportive Housing	\$47,500,000
State Funds Sub-Total	\$169,455,460
Federal Funds:	
Community Development Block Grant	\$37,744,769
Emergency Solutions Grant Program	\$9,957,708
Federal Emergency Solutions Grant	\$510,000
HOME Investment Partnerships Program	\$41,386,114
Federal Funds Sub-Total	\$89,598,591
Revolving Funds (established from General Fund):	
Predevelopment Loan Program	\$1,605,000
Mobilehome Park Purchase Program	\$1,150,000
Revolving Funds Sub-Total	\$2,755,000
Total	\$530,835,634

*\$48,605,250 was awarded to projects through the Designated Program Year (DPY) 2013 NOFA and \$33,801,350 was awarded to projects under the DPY 2014 NOFA.

A. PROJECTED PRODUCTION

Most of the housing production figures in this report are based on the time the award was made. Actual outcomes may differ because projects frequently change in scope after the award. Production numbers may take several years to become final, and production resulting from any one FY's awards may be spread across several future FYs. Figures on housing actually produced during the FY are reported for federally funded programs, but not for State funded programs.

B. PROPOSITION 1C NEARS CONCLUSION

California voters approved Proposition 1C in November 2006, as one of America's largest State funded affordable housing assistance efforts.

Proposition 1C authorized \$2.85 billion in General Obligation bonds to continue several important housing assistance programs and launch new infrastructure programs that support housing. In FY 2014-15, HCD awarded over \$192.7 million in Proposition 1C bond funds.

As of June 30, 2015, HCD had invested nearly \$2.3 billion in Proposition 1C funds with hundreds of public and private organizations to help build, rehabilitate, preserve or contribute other incentives for approximately 92,000 affordable housing units, including more than 3,000 shelter spaces. Approximately \$81.6 million in Proposition 1C funds remains available to HCD. The California Housing Finance Agency (CalHFA) has awarded \$181.8 million of Proposition 1C funds for downpayment assistance programs.

The Governor's website includes pages in which Proposition 1C bond funds by program and agency are tracked. For specific details about these funds, see Appendix C (page 48).

C. PROPOSITION 46 NEARS CONCLUSION

Proposition 46 was approved by voters in November 2002, and authorized \$2.1 billion in State bonds for a variety of new housing investments, of which \$1.81 billion was allocated to HCD programs. As of June 30, 2015, HCD had invested nearly all of these funds to build, rehabilitate, preserve or provide incentives for approximately 91,000 affordable housing units, including more than 10,000 shelter and dormitory spaces.

About \$2.2 million remains, spread across several Proposition 46 programs. Proposition 46 has extended beyond its originally expected lifetime due to the recession-caused slowdown in housing construction in 2008-12 and occasional recapture of previously awarded funds from projects that have not proceeded as planned.

D. FEDERAL FUNDS

HCD and the housing organizations it serves were fortunate to be able to distribute over \$89.5 million in federal funds in 2014-15 through long-time ongoing federal programs, Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG). In addition, federal funds were also used to provide rental assistance to California workers affected by the drought.

HOME Drought Tenant Based Rental Assistance (TBRA): The NOFA awarded two applications at the end of the FY 2013-14 (City of Dinuba for \$200,000 and County of Yolo for \$300,000). The City has drawn \$16,330 to assist seven households, and plans to draw a total of \$18,851 in TBRA funds. The County does not expect to draw from its grant despite serving five households, due to the requirement to first exhaust its HOME Program Income (PI) on hand.

Altogether, these federal funds are expected to accomplish the following:

Table 3 **Federal Funds Awards 2014-15**

# of Awards	Amount Awarded	Units Assisted or Regulated	New Housing Units
125	\$89,598,591	1,355	350

These awards also helped to bring over \$18 million from other sources into the projects assisted.

E. STATE FUNDS

Drought Housing Rental Subsidies Program (DHRS): In FY 2013-14, HCD awarded La Coopertiva Compensina de California \$9.73 million of the \$10 million State funded rental assistance program. La Coopertiva Compensina de California reports a total of 6,000 applicants in 22 counties have been assisted since Program inception through FY 2014-15. All funds have been disbursed. The remaining DHRS funds were set aside for the HOME Grantees for supplemental administration funding.

Drought Housing Relocation Assistance Program (DHRA): This \$6 million emergency Program was funded by Chapter 10, Statutes of 2015 (AB 93) for the purpose of providing relocation and temporary rental assistance for persons moving from their current residence, which lacks reasonable access to potable water resulting from the drought. Draft DHRA Guidelines were issued for Public Comment from June 23, 2015 to July 1, 2015.

F. SERVING HCD CUSTOMERS

During 2014-15, HCD's Division of Financial Assistance managers and staff conducted 30 technical assistance workshops for various financial assistance programs. DFA managers and staff also conducted numerous public hearings, stakeholder roundtable discussions, conference calls and webinars to seek input from HCD customers and advise them on how to apply for and effectively manage HCD housing funds.

Compliance Resolution Unit (CRP): The CRP helped to develop financial workout arrangements for 17 affordable rental housing projects totaling 509 units that had fallen into financial difficulty, and needed new management and financial arrangements to preserve them as affordable housing. The Unit also collected nearly \$5 million from paid off/matured loans and provided \$2.8 million in loan extensions to troubled projects for unit preservation.

Technical Assistance and Groundbreakings: DFA conducted or participated in over 167 rental housing monitoring visits for previously HCD awarded housing developments; 162 program site visits for potential HCD funded projects; and 28 groundbreakings/dedications/opening ceremonies.

For more information on the purposes, operating and eligibility criteria of HCD programs, go to HCD's Division of Financial Assistance webpage for an alphabetical listing of programs at <http://www.hcd.ca.gov/financial-assistance/>.

HCD Highlight

Bayview Hills Gardens, San Francisco San Francisco County

Bayview Hills Gardens is a newly constructed rental project consisting of 73 total units, including 15 studios, 24 one-bedroom, 25 two-bedroom, 8 three-bedroom and one manager's unit. The Project provides supportive housing for formerly homeless individuals and families and provides services including on-site financial education, academic and life skills, computer classes, a nutrition program, and after school tutoring. Households living here have incomes between 20 and 40 percent of Area Median Income (AMI). The Project is located near a commercial corridor with a light rail station nearby for easy access to public transit.

Total development costs of the Project were approximately \$33 million with \$9.9 million from HCD's Multifamily Housing Program in 2015, \$7.1 million from the City and County of San Francisco Mayor's Office of Housing and \$1 million from the Federal Home Loan Bank – Affordable Housing Program. The remaining funds were provided from nine percent tax credits and general partner equity.

II. PROGRAM PERFORMANCE

A. ENTERPRISE ZONE (EZ) PROGRAM WIND DOWN AND CESSATION

The EZ Program was responsible for the designation and oversight of California's EZs as authorized by State law. The Program targeted economically distressed areas throughout California, providing incentives to encourage business investment and promote the creation of new jobs. Each EZ was administered by its local jurisdiction, working with local agencies and business groups to promote economic growth through business expansion, attraction, and retention.

In late FY 2012-13, legislation was passed (Chapter 69, Statutes of 2013 [SB 90] and Chapter 70, Statutes of 2013 [AB93]) eliminating the EZ Program. HCD has since turned its focus on winding down the Program and providing assistance to the new economic development programs administered by the Franchise Tax Board.

On September 26, 2013, Chapter 355, Statutes of 2013 (AB 106) was enacted giving EZs authority to continue accepting applications for the hiring tax credit vouchers prior to the termination of the Program. The law allowed EZs to accept applications and issue vouchers until December 31, 2014. HCD continued to oversee and administer the vouchering activities of EZs under the current regulations until December 31, 2014. In some cases, it was necessary to designate third-party agents to accept applications and process voucher certificates for those zones which elected to discontinue operations prior to the end of the year. This was done in order to allow those businesses, which had earned the hiring tax credit, an opportunity to apply for and receive tax credit vouchers until the end of the year.

All vouchering activity ceased as of December 31, 2014. The HCD website continues to list the former EZs, their maps and street ranges, and any third-party agents which may have acted on their behalf in order to provide contact information for records and inquiries.

The EZ Program Manager continues to act as a resource for the Franchise Tax Board, responding to requests for authentication of documentation as audits are conducted of tax returns of companies which have claimed hiring tax credits under the Program.

B. COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM

The January 5, 2015 CDBG NOFA was issued for approximately \$24.9 million in federal grant funds, which were to be awarded to rural non-entitlement jurisdictions for eligible activities to provide safe and sanitary housing, provide economic opportunities and community development to improve the lives of their citizens. This NOFA included State objective points for water and sewer projects that will address drought issues and include water saving components. Additionally, HCD released an emergency drought NOFA, pursuant to the Governor's Declaration of a State of Emergency, that provided \$6 million of CDBG funds to provide lateral connections to public water systems for housing units with inadequate or no water.

HCD awarded over \$37.7 million for community and economic development activities in 2014-15, including over-the-counter economic development projects.

HCD reported the CDBG Program Income activity expenditure and beneficiary data into the federal Integrated Disbursement and Information System (IDIS) for FYs 2011-12 through 2014-15, as required by the U.S. Department of Housing and Urban Development (HUD). HCD will continue to input the CDBG PI activity information as the data is received from the participating jurisdictions to report the full impact of the CDBG funds expended within a community.

C. HOUSING-RELATED PARKS PROGRAM (HRPP)

The Division of Housing Policy Development's HRPP uses voter-approved funds from the Housing and Emergency Shelter Trust Fund Act of 2006 (Proposition 1C) to expand and improve the availability of parks and recreation facilities within communities. An incentive-based Program, it provides grant funds to jurisdictions that have housing elements in compliance and have permitted affordable housing during the Designated Program Year.

After a record breaking funding round in FY 2013-14, the FY 2014-15 NOFA received the second highest number of applications in the Program's history. The increased interest in the Program has been due, in part, to legislative changes pursuant to Chapter 779, Statutes 2012 (AB 1672) which provide greater flexibility in the types of units which can be used to qualify for funding. All of the jurisdictions that applied in this funding round were eligible based on the threshold criteria for housing element compliance.

Of the 56 applications received, 55 were determined to be eligible for funding. The DPY 2014 NOFA was issued for \$35 million; the 55 applications eligible for funding received a total of \$33,801,350. Additional funds appropriated to HCD for FY 2014-15 were allocated to projects awarded under HCD's DPY 2013 NOFA as reported in Table 2 (page 3).

Awards for the DPY 2014 NOFA were based on approval of new residential housing units as well as units preserved, rehabilitated and/or acquired affordable to very low- or low-income households between January 1, 2010 and December 31, 2014.

Eligible applicants had a total of 9,973 eligible units affordable to lower-income households during the FY 2014-15. Of these, approximately 94 percent were newly constructed units and 6 percent were rehabilitated, converted or preserved units.

The following is a breakdown for the \$33,801,350 awarded to applicants under the DPY 2014 NOFA of units approved by tenure and income level:

Table 4 **Affordable Units Eligible for HRPP**

	Owner Units	Rental Units	Total
Extremely Low-Income	5	915	920
Very Low-Income	38	4,619	4,657
Low-Income	271	4,125	4,396
Subtotals	314	9,659	
Total Affordable Units Eligible for HRPP			9,973

In addition, the DPY 2014 awards will fund more than 85 individual projects in communities across the State. Approximately 74 percent of HRPP funds awarded will be spent to create or rehabilitate parks within communities that are both park deficient and disadvantaged.

D. AB 1699 – LOAN PORTFOLIO RESTRUCTURING (LPR) PROGRAM

The LPR Program was designed to allow projects funded under any of nine HCD legacy loan programs to extend the term of their loan, compete for new tax credit equity, and subordinate their existing HCD loan to new private debt for the purpose of rehabilitating aging units. The LPR Program also has allowances for above-formula rent increases, allowing project sponsors, in certain cases, to raise rents in order to qualify for new funding to finance rehabilitation projects. Restructuring loans within nine distinct programs into a more uniform portfolio, eases HCD’s long-term monitoring and compliance burden.

Following the adoption of the LPR Program Guidelines in the second quarter of FY 2014-15, work began on an application and associated worksheets for project sponsors and developers to use when applying under the newly-created Program. Full implementation was achieved in early 2015 with publication of the LPR Program application and three versions of the Special Rent Increase Schedule of Rental Income, each of which is specially designed to handle the complexities of the different types of Special Rent Increases allowed by the Guidelines.

In 2014-15, two projects were restructured preserving or rehabilitating 46 assisted units. Seven restructuring applications were received.

E. VETERAN HOUSING AND HOMELESSNESS PREVENTION PROGRAM (VHHP)

Chapter 727, Statutes of 2013 (AB 639) modified the Veteran’s Bond Act of 2008, authorizing \$600 million in existing single-family bond authority to instead fund multifamily housing for Veterans. With the approval of Proposition 41 by California voters on June 3, 2014, HCD in collaboration with CalHFA and California Department of Veterans Affairs (CalVet) developed a Program focused on homeless and other highly vulnerable veterans. The first NOFA under this Program was released in February 2015, and resulted in the allocation of approximately \$63 million to 17 developments. These developments will have a total of 1,221 units, 566 of which will be occupied by veterans and their families, including 371 units of supportive housing for homeless veterans.

F. AFFORDABLE HOUSING SUSTAINABLE COMMUNITIES (AHSC)

The AHSC Program furthers the purposes of Chapter 488, Statutes of 2006 (AB 32) and Chapter 728, Statutes of 2008 (SB 375) by investing in projects that reduce Greenhouse Gas (GHG) emissions by supporting more compact, infill development patterns, encouraging active transportation and transit usage, and protecting agricultural land from sprawl development.

Funding for the AHSC Program is provided from the Greenhouse Gas Reduction Fund (GGRF), an account established to receive Cap-and-Trade auction proceeds. The Cap-and-Trade Program, a key strategy for achieving the GHG emission reduction goals of Chapter 488, issues a limited number of GHG emissions permits (allowances) each year. A portion of these allowances can be purchased from the State at quarterly auctions, thereby generating auction proceeds. These State auction proceeds are then deposited in the GGRF, where they become available for appropriation by the Legislature to further the Chapter 488 objectives.

The AHSC Program is administered by the Strategic Growth Council (SGC). HCD implements the transportation, housing and infrastructure component of the AHSC Program. The SGC coordinates efforts with HCD, working with the California Air Resources Board to administer the broader AHSC Program, including developing program guidelines, evaluating applications, preparing agreements, monitoring agreement implementation, reporting and amendments.

The AHSC Program provided 28 grants and/or loans totaling approximately \$122 million to a variety of projects statewide. These funds will achieve GHG reductions and benefit disadvantaged communities through increased accessibility of affordable housing, employment centers and key destinations via low-carbon transportation options.

G. MANAGING HCD'S LOAN PORTFOLIO

HCD's portfolio continues to perform well. The default rate is less than one percent. Instances of substantial noncompliance with loan contracts are comparatively rare, and typically corrected as a result of compliance activities conducted by HCD's Asset Management and Compliance Section (AMC). Older projects may need renovation or in some cases financial restructuring and AMC works closely with project sponsors to resolve these problems.

AMC currently manages rental housing loans totaling approximately \$2 billion, made by 20 different programs for a total of 1,093 different projects. These projects are located across the State, from Imperial County in the south to Humboldt County in the north and include 58,904 affordable housing units.

The affordability requirements of 96 percent of these affordable housing units were preserved from the previous year. AMC is working closely with project sponsors of an additional three percent of affordable housing units to assist with financial restructuring or other alternatives to help preserve these affordable housing units.

The affordable housing units in HCD's portfolio house some of the most disadvantaged populations in California, including seniors, veterans, disabled, homeless youth and migrant farmworkers. Tenants in assisted units are charged rents at or below HCD approved rents. Even when actual rents are significantly lower than HCD approved rent limits, many tenants in AMC's portfolio continue to experience a rent burden.

AMC also monitors and manages individual homeownership housing loans totaling approximately \$57 million. These loans encompass eight programs and provide loans to more than 2,150 individual lower-income homeowners.

AMC continues to work with CalHFA, California Tax Credit Allocation Committee (TCAC) and HUD to create a Geographic Information System (GIS) data set available for affordable housing projects across the State. The GIS is intended to provide information to inform current housing policy discussions and assist with enhancements to management of AMC's affordable housing portfolio.

Multifamily Housing Program — Supportive Housing (MHP-SH): Tenant Characteristics and Outcomes

In accordance with Health and Safety Code Section 50675.14, HCD reports on the characteristics of tenants occupying units funded by the Supportive Housing component of MHP-SH. Section 50675.14 requires MHP-SH borrowers to report this information beginning the second year after project occupancy.

For the July 1, 2014 to June 30, 2015 reporting period, HCD received reports on all 87 MHP-SH projects. These projects include 2,355 units restricted under MHP-SH. The 2,355 units were occupied by 2,522 tenant households during some part of the reporting period (there are more households than there are units because some units were vacated by a tenant and re-rented to a second tenant during some part of the reporting year). The 2,522 tenant households that occupied these units were documented in the annual reports submitted by the project owners. MHP-SH funds apartments for tenants who are disabled and who also were either homeless or at-risk of homelessness.

Prior to moving into the supportive housing projects, 68 percent of the tenant households were homeless, and 32 percent were at-risk of homelessness. (A person is considered "at-risk of homelessness" if, for example, their income is less than 20 percent of State Median Income.)

Units funded by MHP-SH are required to be occupied by people who are disabled in one or more of five specific categories. Of the 2,522 tenant households described in the reports, 53.8 percent were living with mental illness; 16.5 percent had a long-term chronic health condition; 13.8 percent were with chronic substance abuse; 10.8 percent had a developmental disability; and 5.1 percent suffered from HIV/AIDS.

The households living in MHP-SH units had extremely low incomes:

Table 5 MHP-SH Household Annual Income

Annual Income	Tenant Households	Percentage
\$5,000 or less	443	17.6%
\$5,001 to \$10,000	224	8.9%
\$10,001 to \$15,000	1,548	61.3%
\$15,001 to \$20,000	157	6.2%
Greater than \$20,000	150	6.0%

The primary source of this income was public disability programs as 68.3 percent of the tenants had income from Supplemental Security Income, Social Security Disability or Veterans Disability. Only 10.3 percent had income from employment.

Table 6 MHP-SH Household Sources of Income

Sources of Income	Tenant Households¹	Percentage¹
Earned Income	259	10.3%
Unemployment Ins.	12	1.0%
Disability Assistance	1,722	68.3%
CALWORKS	87	3.5%
General Assistance	255	10.1%
Retirement Income	387	15.3%
Other	98	3.9%

These households were surprisingly stable, as 66.6 percent lived in their unit for more than two years. A total of 87.1 percent of households lived in their unit for more than one year:

Table 7 MHP-SH Occupancy Length

Length of Stay	Tenant Households	Percentage
6 months or less	150	6.0%
6 months to 1 year	174	6.9%
1 year to 2 years	450	17.8%
Greater than 2 years	1,748	69.3%

¹May include more than one source of income per tenant household.

III. STATUTORY BASIS OF THIS REPORT

This report is produced in response to several statutory mandates. The primary requirement is **Health and Safety Code Section 50408**:

50408(a) On or before December 31 of each year, the department shall submit an annual report to the Governor and both houses of the Legislature on the operations and accomplishments during the previous fiscal year of the housing programs administered by the department, including, but not limited to, the Emergency Housing and Assistance Program and Community Development Block Grant activity.

(b) The report shall include all of the following information:

- (1) The number of units assisted by these programs.
- (2) The number of individuals and households served and their income levels.
- (3) The distribution of units among various areas of the state.
- (4) The amount of other public and private funds leveraged by the assistance provided by these programs.
- (5) Information detailing the assistance provided to various groups of persons by programs that are targeted to assist those groups.
- (6) The information required to be reported pursuant to Section 17031.8.
- (7) An evaluation, in collaboration with the Department of Veterans Affairs, of any program established by the department pursuant to Article 3.2 (commencing with Section 987.001) of Chapter 6 of Division 4 of the Military and Veterans Code.

Items (b)(1) through (b)(5) and (b)(7) are included in this report.

Section 17031.8, cited in subdivision (b)(6), describes information from the HCD's Employee Housing Act regulatory program, administered, and reported separately, by HCD's Division of Codes and Standards.

This report also includes six-month implementation reports on new State-enacted programs, as required by **Government Code Section 11017.5**. The report on initial implementation activities for the VHHP is included as Section II.E. A more comprehensive evaluation will be provided once funded projects have actually been completed and occupied. The report on the AHSC Program is included as Section II.F. Chapter 488 (AB 873) and Chapter 495 (AB 1109) became effective January 1, 2014. These statutes authorized HCD to make funding available as a loan with a term of 20 years for conversion of emergency shelters and transitional housing to permanent supportive housing (PSH) for homeless families and individuals. The NOFA, announcing the availability of approximately \$10 million, was published on April 16, 2015. Two projects were funded. The unused funds rolled over, per the Statute, to the MHP-SH. Chapter 3 (SB 104) related to emergency programs in FY 2014-15, created the DHRS Program. The DHRS Program provided \$9.73 million for rental subsidies of up to three months per family, between July 2014 and May 2015. The program served primarily farmworkers. The top five counties served were Fresno, Monterey, Tulare, Kern, and Merced counties.

This report also includes annual information on Proposition 1C housing bond expenditures in as required by **Government Code Section 16724.4**:

16724.4. Any state bond measure approved by the voters on or after January 1, 2004, shall be subject to an annual reporting process, as follows:

(a) The head of the lead state agency administering the bond proceeds shall report to the Legislature and the Department of Finance no later than January 1, 2005, or the January 1 of the second year following the enactment of the bond measure, whichever is later, and at least once a year thereafter. The annual report shall contain all of the following:

(1) A list of all projects and their geographical location that have been funded or are required or authorized to receive funds.

(2) The amount of funds allocated on each project.

(3) The status of any project required or authorized to be funded.

(b) Costs of the report may be included in the cost of administering the bond measure unless the measure specifically prohibits those expenses.

This report also includes information on tenants in units supported by the MHP-SH, as required by **Health and Safety Code Section 50675.14(f)**:

(f) (1) A borrower shall, beginning the second year after supportive housing project occupancy, include the following data in his or her annual report to the department. However, a borrower who submits an annual evaluation pursuant to subdivision (c) may, instead, include this information in the evaluation:

(A) The length of occupancy by each supportive housing resident for the period covered by the report.

(B) Changes in each supportive housing resident's employment status during the previous year.

(C) Changes in each supportive housing resident's source and amount of income during the previous year.

(2) The department shall include aggregate data with respect to the supportive housing projects described in this section in the report that it submits to the Legislature pursuant to Section 50675.12.

HCD Highlight

Villa Hermosa, Indio Riverside County

Villa Hermosa is a new construction rental development designed for farmworkers and their families. This is an 85-unit development built on 8 vacant acres on the corner of the 59-acre site known as the Fred Young Labor Camp. The Project consists of 12 one-bedroom, 33 two-bedroom, 28 three-bedroom (one manager) and 12 four-bedroom units. Villa Hermosa is restricted to farmworker households with incomes between 25 and 50 percent of Area Median Income (AMI).

Total development cost of the Project was approximately \$23 million, with \$5.3 million from HCD's MHP in 2015, \$1 million from HCD's Joe Serna, Jr. Farmworker Housing Grant Program, \$3.7 million from USDA, \$1 million from Riverside County HOME and \$840,000 from the Federal Home Loan Bank AHP. The remaining funds were provided from four percent tax credits.

¹Funding has been awarded but may not have been disbursed. Legislative appropriation may be somewhat higher. CalHFA has committed all original Total Available funds.

²Estimated costs charged by agencies other than the administering department such as State Treasury's Office and State Controller's Office, over the life of the bonds. These amounts are held in reserve to ensure their availability.

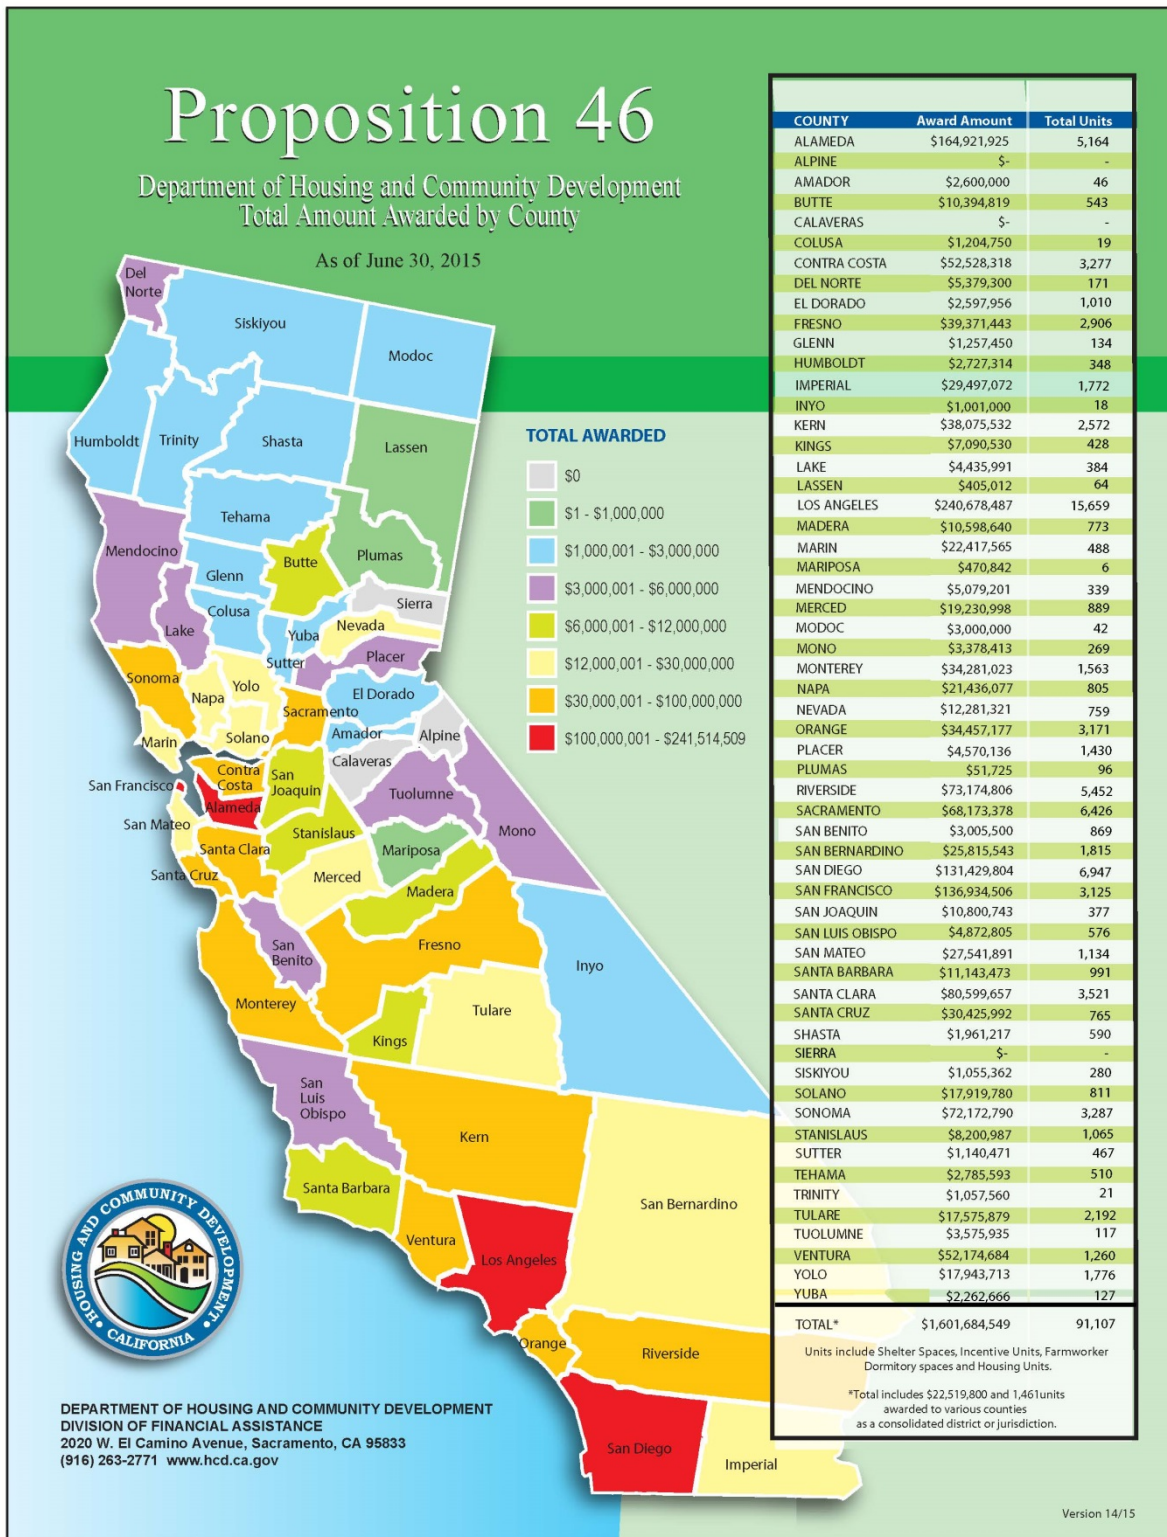

³Estimated costs incurred by HCD and CalHFA over the entire life of the bonds to provide the support to the bond programs that are expended from bond proceeds. These amounts are held in reserve to ensure their availability.

⁴CalHFA program Commitments are higher than Total Available (amounts in italics) as awards were made from repaid funds.

Appendix E MAP OF CUMULATIVE PROPOSITION 1C AWARD AMOUNTS BY COUNTY

Appendix F MAP OF CUMULATIVE PROPOSITION 46 AWARD AMOUNTS BY COUNTY

Appendix G TERMS AND ACCRONYMS

Activities: The intended results of awards and contracts. That is, the purpose of the funding or specific portions of the work to be completed via a Standard Agreement (contract).

AHIF: The Affordable Housing Innovation Fund, created by **Proposition 1C** and fleshed out by Chapter 652 of the Statutes of 2007 (SB 586). AHIF includes several programs to demonstrate innovative, cost-saving approaches to creating or preserving affordable housing, including new activities and the revival of the Local Housing Trust Fund program. The currently active programs are:

AHIP Golden State Acquisition Fund (State bond funded): Makes loans to housing sponsors and developers through a designated nonprofit fund manager to provide quick acquisition financing for the development or preservation of affordable housing.

AHIP Local Housing Trust Fund Program (State bond funded): Makes grants to existing and new local housing trust funds dedicated to create or preserve affordable housing.

AHIP Catalyst Community Grant Program (State bond funded): Makes grants to designated local Catalyst Communities to encourage and support the development of sustainable communities with strategies to improve transportation choices, reduce environmental hazards and increase energy conservation.

AHSC: Affordable Housing and Sustainable Communities Program. Administered by the Strategic Growth Council, and implemented HCD, AHSC funds land-use, housing, transportation, and land preservation projects to support infill and compact development that reduce greenhouse gas ("GHG") emissions. Funding is provided Cap-and-Trade auction proceeds

AMC: DFA's Asset Management and Compliance Section oversees HCD's portfolio of more than three thousand past loans and grants for rental and ownership housing, to insure compliance with varied contractual conditions to repay public funds and preserve the affordability of assisted housing.

ARRA: American Recovery and Reinvestment Act of 2009 (federally funded). HCD distributed ARRA funds during 2009-11 through several limited-term programs intended to counter the effects of the recession. The Neighborhood Stabilization Program (NSP3), to rescue foreclosed homes, is the last active one (see tables in this report).

Assisted Housing Units: Dwelling units, residential hotel units, or bedrooms in group homes, which are reserved for occupancy or occupied by eligible lower income households in accordance with contracts between HCD and the project sponsors.

BEGIN: The Building Equity and Growth in Neighborhoods program (State bond funded). Offers incentives to cities and counties to reduce regulatory barriers to new affordable ownership housing, in the form of financing for local government-administered down-payment assistance loans to qualifying first-time low- and moderate-income buyers of homes in projects facilitated by local regulatory barrier reduction.

CalHFA: California Housing Finance Agency, a sister agency of HCD which operates as the State's affordable housing bank. CalHFA differs from HCD in generating loan funds primarily through the issuance of revenue bonds, and in focusing primarily, but not exclusively, on the conventional mortgage financing of single-family affordable homeownership.

CalHome: CalHome program (State funded, General Fund and bonds). Makes grants to local public agencies or nonprofits, which use them to fund single-family development projects, first-time homebuyer assistance and owner-occupied rehabilitation.

CalHome PDL: CalHome Project Development Loans (State bond-funded). Part of the CalHome program that makes loans directly to developers for real property acquisition, site development, predevelopment, construction period expenses of homeownership development projects, or permanent financing for mutual housing and cooperative developments.

CAPE: Consolidated Automated Program Enterprise System. HCD loan and grant database designed to hold and process data for fund management, application processing, loan and grant underwriting, contracts, monitoring of past loans and grants, and reporting.

CDBG: The Community Development Block Grant Program provides federal CDBG program benefits through HCD to non-entitlement cities and counties. Awards grants for housing, infrastructure, public improvements, public facilities and public services, as well as business development, hiring assistance and economic development planning in rural communities.

CDLAC: The California Debt Limit Allocation Committee (in the State Treasurer's Office) allocates California's share of the annual federal allowance of tax-exempt bonds that can be issued by State and local government agencies to assist private activities such as affordable rental housing, economic development or infrastructure.

CHDO: Community Housing Development Organization -- a nonprofit developer that meets criteria to apply directly to HCD for Home Investment Partnerships Program (**HOME**) funds.

Confidence Interval: A term used in inferential statistics that measures the probability that a value will fall between an upper and lower bound of a probability distribution.

Contract: A written or oral agreement between two or more parties that is enforceable by law. In HCD practice, a single loan or grant may involve several written contracts: a Standard Agreement incorporating general State terms and conditions, a Loan Agreement or Development Agreement for the specific award and project, and/or a Regulatory Agreement governing the operation of a completed project.

CPCFA: The California Pollution Control Financing Authority, recipient of \$60 million from Proposition 1C.

CSHHP: The California Self-Help Housing Program (bond funded) funds programs that advise low and moderate income families that build their homes with their own labor.

DFA: HCD's Division of Financial Assistance, formerly the Division of Community Affairs.

DHRA: The Drought Housing Relocation Assistance Program is the result of the 2014 legislation and Executive Order B-29, dated April 1, 2015 under Assembly Bill 93 that authorized \$6 million in State funds for relocation . and temporary rental assistance to those persons moving from current residences which lacks reasonable access to potable water as a result of the drought.

DHRS: The Drought Housing Rental Subsidies Program is the result of 2014 legislation under Senate Bill 104/Assembly Bill 80 that authorized \$10 million in State funds for rental assistance to areas with severe economic drought impact.

DRI/DREF: Disaster Recovery Initiative/Disaster Recovery Enhancement Fund program, a federally-funded “last resort” resource for recovery from damages suffered in 2008 wildfires in parts of California. HCD distributed DRI funds in 2010-12. DREF is a supplemental allocation added in 2011. Fourteen counties and two Native American tribes were eligible to apply.

EHAPCD: The Emergency Housing Assistance Program - Capital Development (State bond funded) funds the acquisition, construction, rehabilitation or expansion of homeless shelter facilities and transitional housing.

ESG: The Emergency Solutions Grants program (federally funded), formerly the Federally Emergency Shelter (ESG) program. HUD restructured ESG in 2012 to incorporate features of the temporary Homeless Prevention and Rapid Re-Housing Program (HPRP) to increase emphasis on assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.

EZ: The Enterprise Zone Program (State tax incentives) offers State and local tax and regulatory incentives to encourage business investment and the hiring of disadvantaged individuals in Enterprise Zones (economically distressed areas designated by the State) throughout California.

FESG: The Federal Emergency Shelter Grant Program (federally funded); superseded by ESG, financed emergency shelters, supportive services and transitional housing for homeless individuals and families.

FTHB: First-time homebuyer assistance, usually in the form of grants for down payment assistance or below-market-rate mortgage loans.

FWHG: Farmworker Housing Grant Program (bond funded; see Serna or Joe Serna Jr. Farmworker Housing Grant Program).

GHI: Governor’s Homeless Initiative is an interagency effort among **HCD**, **CalHFA** and the Department of Mental Health (**DMH**). The Initiative reduced homelessness by funding development of permanent supportive housing for persons with severe mental illness who are chronically homeless.

Grant: An award of money for a specific purpose without expectation of repayment. A grant may be subject to contractual conditions, and may be cancelled or required to be repaid if the grantee defaults on contractual obligations.

HCD: California Department of Housing and Community Development. Operates the programs described in this Directory, and provides leadership, policies and programs to preserve and expand safe and affordable housing opportunities and promote strong communities for all Californians.

HERA: Housing and Economic Recovery Act of 2008 (see **HR 3221** and **NSP**).

HOME: Home Investment Partnerships program (federally funded). Assists cities, counties and nonprofit community housing development organizations (**CHDOs**) to create and retain affordable housing.

Housing and Emergency Shelter Trust Fund Act of 2002: A \$2.1 billion affordable housing State General Obligation bond measure approved by voters on November 5, 2002, also known as **Proposition 46**.

Housing and Emergency Shelter Trust Fund Act of 2006: A \$2.85 billion affordable housing and infrastructure State General Obligation bond measure approved by voters in November 2006, also known as **Proposition 1C**.

HPD: HCD's Division of Housing Policy Development. Reviews the housing elements of city and county General Plans; conducts policy research; prepares plans and reports on housing policy and the housing stock; operates the Housing Related Parks (HRP) Program.

HPRP: Homelessness Prevention and Rapid Re-Housing Program (federally funded) was incorporated into the **ESG** program in 2012 (see **ARRA**).

HR 3221: The Housing and Economic Recovery Act of 2008 (**HERA**). Passed in July 2008, the Act's Neighborhood Stabilization Program (**NSP**) provision provided Community Development Block Grant (**CDBG**) funds to state and local governments to purchase and preserve abandoned and foreclosed homes and residential property.

HRPP: Housing Related Parks Program (State bond funded). Creates incentives and rewards local government for building affordable housing with grant money for much needed parks in their communities, to be administered by HCD's Division of Housing Policy Development (HPD).

HUD: U.S. Department of Housing and Urban Development

IDIS: Integrated Disbursement and Information System is HUD's federal database into which HCD and hundreds of other local and state recipients of federal community development funds enter program status and outcomes, and file mandated plans and reports.

IIG: Infill Infrastructure Grant Program (State bond funded). Provides grants for development of public infrastructure projects that facilitate or support infill housing construction.

JSJFWHG: Joe Serna, Jr. Farmworker Housing Grant Program (bond funded; see **Serna or FWHG**).

JHB (Jobs Housing Balance): Principle of land-use planning that seeks to reduce vehicle trips by locating housing near jobs that will employ the residents. See the Workforce Housing Reward Program (**WFHP**).

Leverage: 1) The amount of other funds invested in a project that receives funds from an HCD program and, 2) the use of loan or grant funds to maximize the amount of investment in a project from other sources, or to maximize the return per dollar invested.

LHTF: Local Housing Trust Fund Matching Grant Program (see **AHIF**).

Loan: An award for a specific purpose with the expectation that it will be repaid according to a specified schedule of payments or within a specified period.

Match: Funds (or in-kind assets such as land) from other sources that a grantee (e.g., a HOME grantee) is required to contribute to a project as a condition of the grant. Match can be one-to-one, two-to-one, one-half-to-one, etc.

MHP: The Multifamily Housing Program (State bond funded) finances the new construction, rehabilitation and preservation of permanent and transitional rental housing for lower income households.

MHP-HY: The Multifamily Housing Program – Homeless Youth Component (State bond funded) provides low-interest loans for affordable rental housing developments that contain units for homeless youth who are emancipated minors, those who are at least 18 years old, homeless or at risk of homelessness, no longer eligible for foster care on the basis of age, or who have run away from home.

MHP-SH: The Multifamily Housing Program – Supportive Housing Component (State General Obligation bond funded) provides low-interest loans to developers of permanent affordable rental housing with a minimum percentage of units with associated supportive services for persons with disabilities.

MHSA: Mental Health Services Act Housing Program (bond-funded through Proposition 63 of 2004), jointly administered by **CalHFA** and the Department of Mental Health (**DMH**). Offers permanent financing loans and capitalized operating subsidies for the development of permanent supportive housing for persons with serious mental illness. HCD has provided supplemental funding for many MHSA projects

Monitoring: Periodic review of the operation, management, physical condition, plans, financial accounts and reports of a project, used to assess and assure the continued security of a loan on the project, and to enforce contractual requirements that the housing (when applicable) remain available and affordable to lower income households. Monitoring is typically annual, but may be less often for projects deemed at low risk of default. Monitoring includes “desk monitoring” of project documents and reports, and site visits and inspections.

MPROP: Mobilehome Park Resident Ownership Program (State funded) finances the preservation of affordable mobilehome parks by conversion to ownership or control by resident organizations, nonprofit housing sponsors, or local public agencies.

NOFA: Notice of Funding Availability. An announcement and a solicitation of applications for a specified amount of funding that will be awarded by an HCD program, according to stated criteria and schedules.

Nonprofit: A private nonprofit charitable corporation under State and federal law. A nonprofit may not pay corporate earnings to shareholders or individuals. Nonprofits are the most frequently eligible type of private entity to receive HCD loans and grants.

OLM: The Owner Loan Management section of **AMC**.

OMS: The Office of Migrant Services (State General Fund funded) funds the operation of affordable seasonal rental housing and support services for migrant farmworker families during the peak harvest season.

Parks: see **HRPP**

PDL: see CalHome PDL.

PDLP: The Predevelopment Loan Program (State funded) provides predevelopment capital from a revolving special fund to finance the start of low-income housing projects in rural areas.

P/TA or PTA: Planning and Technical Assistance is a component of **CDBG** that funds planning efforts in small cities and rural counties.

Preserved Housing Units: Affordable (usually subsidized) housing units that were threatened with demolition or conversion to market rents through the termination of subsidies, and have been preserved as affordable units through purchase, renewed subsidy and/or rehabilitation.

Proposition 1C: see **Housing and Emergency Shelter Trust Fund Act of 2006**.

Proposition 46: see **Housing and Emergency Shelter Trust Fund Act of 2002**.

Rehabilitated (or Rehab) Housing Units: Dwelling units which were deteriorated or substandard, and have been repaired to return them to compliance with applicable building, health and safety codes.

RFP: Request for Proposal is an announcement that funds are available, soliciting applications or proposals for their use that is similar to a **NOFA**.

Serna: Joe Serna, Jr. Farmworker Housing Grant Program (State bond funded) finances owner-occupied and rental units for agricultural workers, with a priority for lower-income households (also see JSJFWHG or FWHG).

TCAC: The California Tax Credit Allocation Committee (chaired by the State Treasurer) allocates federal and State low-income housing tax credits in California.

TOD: The Transit Oriented Development Housing Program (State bond funded) was created by **Proposition 1C** to provide funds to develop or facilitate higher density housing and mixed-use developments within one-quarter mile of transit stations and to encourage increased public transit ridership.

VHHP: Veterans Housing and Homelessness Prevention Program. Administered by HCD in collaboration with CalVet and the California Housing Finance Agency, VHHP funds affordable rental housing for veterans and their families.
