The May Revision proposes to eliminate the program. The Department will adjust policies to connect these individuals with community resources, which ultimately provides better continuity of care long-term. Elimination of this program is expected to result in savings of \$8.1 million General Fund in 2020-21 and \$16.3 million ongoing General Fund.	Approve as budgeted
76	5225	CDCR	Reduce Reception Center Process to 30 Days - DAI	-4,314,000	-121,000	-10.8	The May Revision announced plans to reduce the reception center process from 90 to 120 days to a minimum of 30 days. This will allow inmates to begin participating in academic and rehabilitative programs sooner and will likely enable These changes are projected to reduce the institution average daily population (ADP) by 514 in 2020-21. This reduction results in an estimated savings of \$4,314,000 General Fund and 10.8 positions in 2020-21 and \$121,000 Inmate Welfare Fund in 2020-21. Savings will increase significantly in out years because the population reductions will accelerate the closure of state prisons. The exact amount of savings will depend on the timing and details of the prison closures.	Approve as budgeted

77	5225	CDCR	Reduce Reception Center Process to 30 Days - DAPO	648,000	--	3.4	Same proposal as above but the anticipated reduction to the CDCR institutions will be partially offset by projected increases in the parole population. It is projected to increase the parole ADP by 128 in 2020-21. This increase results in an estimated cost of \$648,000 General Fund and 3.4 positions in 2020-21.	Approve as budgeted
78	5225	CDCR	Good Conduct Credit - DAPO	3,311,000	--	17.5	Same proposal as above but the anticipated reduction to the CDCR institutions will be partially offset by projected increases in the parole population. The May Revision proposes to no longer fund Parole Outpatient Clinics to eliminate redundancy in services and utilize services where the state receives financial participation from the federal government through Medi-Cal. This proposal retains Parole Outpatient Clinic psychiatrists to continue meeting emergency medication needs for parolees with mental illness.	Approve and adopt placeholder trailer bill language to ensure individuals are enrolled in Medi-Cal and that there are guidelines to allow for longer continuity of care with limited barriers to access.

ITEMS FOR DISCUSSION

New May Revision and Sustained January Items for Discussion

VARIOUS DEPARTMENTS

Issue 115: Trigger Reductions

Request. The May Revision includes proposed reductions that will be triggered off if the federal government provides sufficient funding to restore it. These are detailed below:

Proposed Reductions Subject to Trigger						
Entity	Dep.	BR Title	General Fund	Special Funds	Positions	Staff Comment
0250	Judicial Branch	Judicial Branch Budget Reduction	-216,509,000	--	--	The May revision includes a \$216.5 million General Fund reduction in 2020-21 and ongoing to reflect base reductions for the state-level judiciary, the trial courts, and other Judicial Branch local assistance programs. This represents a five percent reduction for operating expenses as well as to reflect a five percent reduction to the following programs: Dependency Counsel; Court Interpreters; California Collaborative and Drug Court Projects; Court Appointed Special Advocate Program; Model Self-Help Program; Equal Access Fund; Family Law Information Centers; and Civil Case Coordination. These reductions will be triggered off if the federal government provides sufficient funding to restore them
5227	BSCC	Adult Reentry Grant Program	-37,000,000	--	--	The May Revision decreases the budget by \$37 million in 2020-21 to account for eliminating funding for the Adult Reentry Grant Program. This reduction will be triggered off if the federal government provides sufficient funding to restore it.
0552	Office of the Inspector	Eliminate Expansion of OIG	-1,886,000	--	-10.5	The May Revision includes a baseline reduction of \$1,886,000 and 10.5 positions to begin phasing out the staffing augmentation provided to the Office of the Inspector General in the 2019 Budget Act for

	General (OIG)					audits and oversight. This proposal also includes a fiscal year 2019-20 reversion of salary savings, \$2,198,000 and associated provisional language.
5225	CDCR	Consolidate Inmate Fire Camps	-7,353,000	--	-40.0	<p>While the 42 camps have capacity to house 4,234 inmates, in recent years the population has been around 3,000 inmates. This is because there are fewer lower level inmates who qualify for participation in the fire camp program following the 2011 Realignment and Proposition 47 in 2014.</p> <p>CDCR proposes to close eight camps and consolidate the inmates currently housed in those camps in the remaining 34 camps. The closures will take place by January 1, 2021, after conclusion of the fire season.</p> <p>This proposed consolidation will result in significant savings associated with reduced operating costs from the eight camps slated for closure. Specifically, we estimate savings of \$7,353,000 General Fund and 40 positions in 2020-21 and \$14,706,000 and 80 positions in 2021-22 and ongoing.</p>
8140	State Public Defender	Modify Indigent Defense	-1,906,000	--	-10.0	<p>The Governor's budget included \$4 million General Fund in 2020-21 and \$3.5 million annually thereafter to expand the Office's mission to include improving the quality of indigent defense services provided by counties. Absent additional federal funds, the COVID-19 Recession makes a reduction of this amount to \$1.9 million ongoing. This reduction will be triggered off if the federal government provides sufficient funding to restore it.</p>

Staff Recommendation for Issue 115. Hold open trigger reduction proposals noting committee's modification to trigger reductions.

Issue 116: Various Criminal Justice Reform Proposals

Request. The May Revision includes the following proposals associated with criminal justice reform:

Entity	Dept.	BR Title	Net General Fund Impact	Net Special Fund Impact	Net Position Impact	Staff Comment	Staff Reco.
5225	CDCR	DJJ Realignment	-11,352,000	--	-23.7	The budget includes reductions of \$11,352,000 and 23.7 positions to permanently stop intake into the state Division of Juvenile Justice on January 1, 2021, and transfer responsibility for all youth commitments to counties. Statutory changes implement this proposal and a funding mechanism is described in the next issue.	Hold Open

5227	BSCC	DJJ Realignment	10,260,000	--	--	<p>To support counties in the housing of realigned wards, the May Revision includes a two-mechanism funding allocation. In the first mechanism, the state will provide counties \$125,000 per estimated youth held locally, with a minimum \$250,000 per county annual payment. In recognition that approximately 20 percent of the youths currently housed in state juvenile facilities have significant sex behavior treatment or mental health treatment needs, the May Revision proposes to provide funding to establish three regional sex offender treatment hubs for wards who meet the associated criteria.</p> <p>The combined costs are ~ \$10.2 million, in 2020-21. The supplemental payment for mental health and sex offender treatment units will increase to \$9.6 million for 2021-22 and ongoing. The supplemental funds will be released to counties through competitive grants to county probation departments administered by the BSCC. Probation departments will serve as hubs to meet the specific treatment needs of youth throughout the juvenile justice system.</p>	Hold Open
5225	CDCR	Division of Juvenile Justice Transition Withdrawal	258,890,000	5,408,000	1,303.9	<p>The May Revision withdraws a Governor’s budget proposal to transition the Division of Juvenile Justice to The Health and Human Services Agency. In lieu of this proposal, the May Revision proposes to stop intake of new juvenile offenders effective January 1, 2021 and begin the closure of all three state juvenile facilities and the fire camp through the attrition of the current population.</p>	Approve as budgeted.

5225	CDCR	Reduced Parole Terms and Earned Discharge	-23,213,000 in 2020-21 -76,000,000 in 2023-24	--	-122.9	The May Revision proposes to cap supervision for most parolees at 24 months, establish earned discharge for non-Penal Code section 290 registrants at 12 months, and establish earned discharge at 18 months for certain Penal Code section 290 registrants.	Approve this proposal and adopt placeholder trailer bill language. Adopt additional trailer bill language to modify elderly parole, medical parole, and compassionate release processes.
5225	CDCR	Good Conduct Credit - DAI	-6,018,000	-170,000	-15.0	The May Revision includes changes to Good Conduct Credit earnings. These changes will enable specific categories of inmates to earn additional credits leading to earlier releases and in turn additional parolees. These changes will be applied prospectively and are projected to reduce the institution ADP by 722 in 2020-21.	Approve as budgeted and adopt placeholder trailer bill language to modify processes around granting Prop. 57 credits retroactively.

Issue 117: Various Sustained and New Capital Outlay Proposals

Request. The May Revision includes modifications to Governor’s budget Capital Outlay proposals for the CDCR and new Capital Outlay proposals:

A) Modifications to Gov’s budget CDCR Capital Outlay			Original Proposal	May Revision	
Entity	Dept.	BR Title	General Fund	Net General Fund Change	Staff Comment
5225	CDCR	Modification of AB 900 General Fund Reappropriation	17,900,00	-10,874,000	For five Health Care Facility Improvement projects, Folsom State Prison’s Cell Block Five Fire Life & Safety project, and multiple medication distribution improvement projects are authorized from this funding source. Preliminary plans and working drawings have been completed for these projects; however, construction has been delayed due to delayed approvals of fire sprinkler and fire alarm contracts, fire alarm system functionality and connectivity issues, redesign of existing nonconforming construction to meet project fire life safety code requirements, and phasing to maintain safe prison and medical operations during construction.
		Modification of California State Prison, Corcoran: Medication Distribution Improvement - Phase II	4,149,000	-1,570,000	The May Revision modifies this proposal by \$1,570,000 for a scope change related to a recent mission change for Housing Unit 3A4.

B) Gov’s budget and May Revision CDCR Capital Outlay Proposals

Entity	Dept.	BR Title	Net General Fund Impact	Net Other Fund Impact	Staff Comment
5225	CDCR	California Institution for Men, Chino: 50-Bed Mental Health Crisis Facility Construction	0	91,032,000 Lease Revenue Bonds for construction.	The Governor’s budget included funding to construct a licensed 50-Bed Mental Health Crisis Facility (MHCF) to provide housing, treatment, and office space to allow for inmate-patients in a crisis mental health state, or requiring other levels of licensed mental health care, to be treated at the California Institution for Men (CIM).

5225	CDCR	Valley State Prison, Chowchilla: Arsenic Removal Water Treatment Plant Working Drawings	1,453,000	0	The Governor's budget included funding for the final phase of design of an arsenic removal water treatment plant at Valley State Prison due to the increase in arsenic levels in the wells at VSP and the adjacent Central California Women's Facility. This treatment plant will ensure compliance with the Environmental Protection Agency (EPA) and State Water Resources Control Board (SWRCB) drinking water quality standards
5225	CDCR	Statewide: Budget Packages and Advanced Planning	250,000	0	The Governor's budget included funding perform advanced planning functions and prepare budget packages for capital outlay projects to enable the CDCR to perform advanced planning functions such as environmental reviews and site assessments to determine the feasibility of future capital outlay requests.
5225	CDCR	Various Projects: Carryover	0	224,477,000	
5225	CDCR	Ironwood State Prison, Blythe: Heating, Ventilation and Air- Conditioning System Reappropriation	0	70,197,000	Funding for construction was received in the 2014 Budget Act and subsequently reappropriated in the 2015 and 2017 Budget Acts. The construction completion has been delayed due to development and State Fire Marshal review of deferred fire alarm submittal and additional work required due to conflicts with existing utility locations at housing units. The Governor's budget included a reappropriation of \$70,197,000--the unexpended funding balance in the amount.
5225	CDCR	Calipatria State Prison, Calipatria: Health Care Facility Improvement Project Reappropriation (Phase II)	1,631,000	0	Funding for Construction of Phase II was received in the 2017 Budget Act. Due to delays encountered related to project connectivity to the existing fire alarm system and corrections to existing non-conforming conditions to address State Fire Marshal code requirements, the construction will not be completed by June 30, 2020. The Governor's budget included a reappropriation of \$1,631,000--the unexpended funding balance in the amount.
5225	CDCR	Correctional Training Facility, Soledad: Health Care Facility Improvement Program--Specialty Care Clinic Construction	0	2,666,000	Subsequent to the 2019 Budget Act, it was determined that the construction funding is not adequate due to unanticipated existing building conditions. Therefore, the May Revision includes a supplemental appropriation for the construction phase in the amount of \$2,666,000 from the Public Buildings Construction Fund (0660). The total estimated project cost is \$13,101,000.

5225	CDCR	Various Projects: Health Care Facilities Improvement Program - Increase Lease Revenue Bond Authority Construction	0	32,532,000	It is requested that statutory language be adopted to increase the lease revenue appropriation authorized by Government Code section 15819.403 for this construction program by \$32,532,000. This program provides medical, dental, and mental health treatment or housing space at existing prison facilities. This action is necessary to address cost increases and to comply with the Receiver's Turn-Around Plan of Action related to the Plata litigation. This language also includes reporting requirements to allow the Legislature to monitor the progress in the program.
5225	CDCR	California Men's Colony, San Louis Obispo: West Facility Central Kitchen Replacement – Continued Construction	0	8,205,000 Lease Revenue	The proposal is on the construction of a new approximately 10,000 square foot (sf) Central Services Kitchen at the California Men's Colony (CMC), West Facility, and two approximately 4,700 sf satellite dining facilities; one at Unit I and one at Unit II. During construction, it was determined that the construction funding is not adequate to complete construction. Therefore, the May Revision seeks a supplemental appropriation for the construction phase in the amount of \$8,205,000. The total estimated project cost is \$32,912,000.
5225	CDCR	California State Prison, Los Angeles County, Lancaster: Medication Preparation Room Unit D5 Preliminary Plans	300,000	0	The May Revision includes funding for design and construction of a Medication Preparation Room (MPR) at the California State Prison, Los Angeles County (LAC) in housing unit D5. A MPR is designed for nursing staff to prepare medications to provide to Administrative Segregation Unit inmates. This proposal requests funding for the preliminary plants phase of this project. The total estimated project cost is \$3,398,000 General Fund.
5225	CDCR	Central California Women's Facility, Chowchilla: Medication Distribution Improvements Phase II,	753,000	0	The construction amount includes \$344,000 for the construction contract, \$24,000 for contingency, \$55,000 for architectural and engineering services, \$62,000 for agency retained items, and \$268,000 for other project costs.

5225	CDCR	California Health Care Facility, Stockton: Medication Distribution Improvements Phase II	5,246,000	0	The construction amount includes \$3,770,000 for the construction contract, \$264,000 for contingency, \$208,000 for architectural and engineering services, \$347,000 for agency retained items, and \$657,000 for other project costs.
5225	CDCR	California Institution for Women, Chino: Medication Distribution Improvements Phase II	804,000	0	The construction amount includes \$368,000 for the construction contract, \$25,000 for contingency, \$55,000 for architectural and engineering services, \$62,000 for agency retained items, and \$294,000 for other project costs.
5225	CDCR	Correctional Training Facility, Soledad: Medication Distribution Improvements Phase II	724,000	0	The construction amount includes \$292,000 for the construction contract, \$21,000 for contingency, \$55,000 for architectural and engineering services, \$62,000 for agency retained items, and \$294,000 for other project costs.
5225	CDCR	Folsom State Prison, Folsom: Medication Distribution Improvements Phase II	1,035,000	0	The construction amount includes \$533,000 for the construction contract, \$37,000 for contingency, \$55,000 for architectural and engineering services, \$65,000 for agency retained items, and \$345,000 for other project costs.
5225	CDCR	California State Prison, Los Angeles County: Medication Distribution Improvements Phase II	3,546,000	0	The construction amount includes \$2,536,000 for the construction contract, \$178,000 for contingency, \$134,000 for architectural and engineering services, \$261,000 for agency retained items, and \$437,000 for other project costs.
5225	CDCR	Mule Creek State Prison, Ione: Medication Distribution Improvements Phase II	726,000	0	The construction amount includes \$320,000 for the construction contract, \$22,000 for contingency, \$55,000 for architectural and engineering services, \$62,000 for agency retained items, and \$267,000 for other project costs.

5225	CDCR	Pelican Bay State Prison, Crescent City: Medication Distribution Improvements Phase II	1,681,000	0	The construction amount includes \$1,128,000 for the construction contract, \$79,000 for contingency, \$116,000 for architectural and engineering services, \$88,000 for agency retained items, and \$270,000 for other project costs.
5225	CDCR	Richard J. Donovan Correctional Facility, San Diego: Medication Distribution Improvements Phase II	3,339,000	0	The construction amount includes \$2,485,000 for the construction contract, \$174,000 for contingency, \$111,000 for architectural and engineering services, \$187,000 for agency retained items, and \$382,000 for other project costs.
5225	CDCR	California State Prison, Sacramento: Medication Distribution Improvements Phase II	6,975,000	0	The construction amount includes \$5,428,000 for the construction contract, \$380,000 for contingency, \$206,000 for architectural and engineering services, \$391,000 for agency retained items, and \$570,000 for other project costs.
5225	CDCR	California State Prison, Solano: Medication Distribution Improvements Phase II	840,000	0	The construction amount includes \$410,000 for the construction contract, \$29,000 for contingency, \$54,000 for architectural and engineering services, \$63,000 for agency retained items, and \$284,000 for other project costs.
5225	CDCR	Salinas Valley State Prison, Soledad: Medication Distribution Improvements Phase II	1,848,000	0	The construction amount includes \$1,317,000 for the construction contract, \$92,000 for contingency, \$55,000 for architectural and engineering services, \$89,000 for agency retained items, and \$295,000 for other project costs.

LAO Recommendation. Until the specific prisons for closure are identified, we believe it would be prudent to hold off all proposed prison infrastructure projects. This would prevent infrastructure spending on a prison that could be closed.

Staff Recommendation for Issue 117. Hold open all new, modified, and sustained CDCR Capital Outlay proposals.

0250 JUDICIAL BRANCH**Issue 118: Ability to Pay Expansion**

Request. The May Revision includes a sustained Governor's budget proposal for seven positions and \$11.5 million General Fund in 2020-21 (increasing to \$56 million annually beginning in 2023-24) to:

- ***Expand Online Adjudication Tool Statewide.*** The Governor's budget requires the Judicial Council to (1) develop an online adjudication tool for all infraction violations (not just traffic infractions) that would include an ability-to-pay component and (2) make the tool available statewide by June 30, 2023. While trial courts could choose whether to make use of the full online tool, all courts would be required to offer the ability-to-pay component of the tool by June 30, 2023. The Governor's budget proposes \$3.9 million, declining to \$1.8 million annually beginning in 2023-24, to support this expansion.
- ***Backfill Expected Reduction in Fine and Fee Revenue.*** Given that the online adjudication tool allows individuals to more easily seek reductions in the total amount of criminal fines and fees that they are assessed, the amount of criminal fine and fee revenue collected is expected to decline on an ongoing basis. To address this decline, the Governor's budget proposes an ongoing backfill for reductions in revenues deposited into the TCTF, IMF, SCFCF, ICNA, and CFTF. The Governor's budget estimates that this backfill will be \$7.6 million in 2020-21 and will reach \$54.2 million in 2023-24. Under the proposal, the exact of amount of this backfill would be adjusted annually to address whatever the actual loss in revenue is determined to be.
- ***Trailer Bill Language.*** The Governor's proposal also includes trailer bill language eliminating the pilot program established in the 2018-19 budget and making certain components of the pilot program permanent, such as requirements related to the ability to pay determinations and to online trials for those trial courts that choose to offer them. Under the language, an evaluation of the pilot program activities would no longer be required.

Staff Recommendation. Approve allocations as budgeted and adopt placeholder trailer bill language.

Federal Fund Items for Discussion**5227 BOARD OF STATE AND COMMUNITY CORRECTIONS (BSCC)****Issue 120: Budget Year Federal Spending Authority Increase for Edward Byrne Memorial Justice Assistance Grant (JAG) / Coronavirus Emergency Supplemental Funding (CESF)**

Request. The May Revision includes a budget year spending authority increase for the BSCC for \$58,519,000.

Background. The federal CARES Act includes \$850 million for the Byrne-Justice Assistance Grant Program (Byrne-JAG). Byrne-JAG is the most flexible federal law enforcement grant program and will allow state and local police departments and jails to meet local needs, including purchase of personal protective equipment and other needed medical items and to support overtime for officers on the front lines. Specifically for California, the allocation is an estimated \$93.7 million. Of this amount, with \$58.5 million for the state and \$35.2 million for local law enforcement grants. The \$35.2 million has been directly allocated to cities and counties from the feds according to a formula that dictates how these allocations went out.

- The BSCC is the State Administering Agency (SAA) for the Coronavirus Emergency Supplemental Funding (CESF) that is administered by BJA and is similar to Byrne JAG but a separate program. BSCC/SAA allocation is \$58,518,568. BSCC applies to Feds for \$58.5 M, receives that funding, and then develops an application process for local grantees.
- According to the BSCC, the approach that CA will use for the \$58.5 Million grant process is still to be determined. According to the National Criminal Justice Association's, the funding be used for law enforcement, prosecution, indigent defense, courts, crime prevention and education, corrections and community corrections, drug treatment and enforcement, planning, evaluation, technology improvement, crime victim and witness initiatives, and mental health programs.
- Funds awarded under the CESF Program must be utilized to prevent, prepare for, and respond to the coronavirus. Allowable projects and purchases include, but are not limited to, overtime, equipment (including law enforcement and medical personal protective equipment), hiring, supplies (such as gloves, masks, sanitizer), training, travel expenses (particularly related to the distribution of resources to the most impacted areas), and addressing the medical needs of inmates in state, local, and tribal prisons, jails, and detention centers.

ITEMS FOR DISCUSSION

New May Revision and Sustained January Items for Discussion

VARIOUS DEPARTMENTS

Issue 115: Trigger Reductions

Request. The May Revision includes proposed reductions that will be triggered off if the federal government provides sufficient funding to restore it. These are detailed below:

Proposed Reductions Subject to Trigger						
Entity	Dep.	BR Title	General Fund	Special Funds	Positions	Staff Comment
0250	Judicial Branch	Judicial Branch Budget Reduction	-216,509,000	--	--	The May revision includes a \$216.5 million General Fund reduction in 2020-21 and ongoing to reflect base reductions for the state-level judiciary, the trial courts, and other Judicial Branch local assistance programs. This represents a five percent reduction for operating expenses as well as to reflect a five percent reduction to the following programs: Dependency Counsel; Court Interpreters; California Collaborative and Drug Court Projects; Court Appointed Special Advocate Program; Model Self-Help Program; Equal Access Fund; Family Law Information Centers; and Civil Case Coordination. These reductions will be triggered off if the federal government provides sufficient funding to restore them
5227	BSCC	Adult Reentry Grant Program	-37,000,000	--	--	The May Revision decreases the budget by \$37 million in 2020-21 to account for eliminating funding for the Adult Reentry Grant Program. This reduction will be triggered off if the federal government provides sufficient funding to restore it.

0552	Office of the Inspector General (OIG)	Eliminate Expansion of OIG	-1,886,000	--	-10.5	The May Revision includes a baseline reduction of \$1,886,000 and 10.5 positions to begin phasing out the staffing augmentation provided to the Office of the Inspector General in the 2019 Budget Act for audits and oversight. This proposal also includes a fiscal year 2019-20 reversion of salary savings, \$2,198,000 and associated provisional language.
5225	CDCR	Consolidate Inmate Fire Camps	-7,353,000	--	-40.0	<p>While the 42 camps have capacity to house 4,234 inmates, in recent years the population has been around 3,000 inmates. This is because there are fewer lower level inmates who qualify for participation in the fire camp program following the 2011 Realignment and Proposition 47 in 2014.</p> <p>CDCR proposes to close eight camps and consolidate the inmates currently housed in those camps in the remaining 34 camps. The closures will take place by January 1, 2021, after conclusion of the fire season.</p> <p>This proposed consolidation will result in significant savings associated with reduced operating costs from the eight camps slated for closure. Specifically, we estimate savings of \$7,353,000 General Fund and 40 positions in 2020-21 and \$14,706,000 and 80 positions in 2021-22 and ongoing.</p>
8140	State Public Defender	Modify Indigent Defense	-1,906,000	--	-10.0	The Governor's budget included \$4 million General Fund in 2020-21 and \$3.5 million annually thereafter to expand the Office's mission to include improving the quality of indigent defense services provided by counties. Absent additional federal funds, the COVID-19 Recession makes a reduction of this amount to \$1.9 million ongoing. This reduction will be triggered off if the federal government provides sufficient funding to restore it.

Staff Recommendation for Issue 115. Hold open trigger reduction proposals noting committee's modification to trigger reductions.

5225	CDCR	Good Conduct Credit - DAI	-6,018,000	-170,000	-15.0	The May Revision includes changes to Good Conduct Credit earnings. These changes will enable specific categories of inmates to earn additional credits leading to earlier releases and in turn additional parolees. These changes will be applied prospectively and are projected to reduce the institution ADP by 722 in 2020-21.	Approve as budgeted and adopt placeholder trailer bill language to modify processes around granting Prop. 57 credits retroactively. Staff Recommendation changed per Chair to include language around equitable credit opportunities, prospective and retroactively, for incarcerated people with mental health conditions and developmental disabilities. Vote count of 2-1 (Moorlach NO).

Issue 117: Various Sustained and New Capital Outlay Proposals

Request. The May Revision includes modifications to Governor’s budget Capital Outlay proposals for the CDCR and new Capital Outlay proposals:

A) Modifications to Gov’s budget CDCR Capital Outlay			Original Proposal	May Revision	
Entity	Dept.	BR Title	General Fund	Net General Fund Change	Staff Comment
5225	CDCR	Modification of AB 900 General Fund Reappropriation	17,900,00	-10,874,000	For five Health Care Facility Improvement projects, Folsom State Prison’s Cell Block Five Fire Life & Safety project, and multiple medication distribution improvement projects are authorized from this funding source. Preliminary plans and working drawings have been completed for these projects; however, construction has been delayed due to delayed approvals of fire sprinkler and fire alarm contracts, fire alarm system functionality and connectivity issues, redesign of existing nonconforming construction to meet project fire life safety code requirements, and phasing to maintain safe prison and medical operations during construction.
		Modification of California State Prison, Corcoran: Medication Distribution Improvement - Phase II	4,149,000	-1,570,000	The May Revision modifies this proposal by \$1,570,000 for a scope change related to a recent mission change for Housing Unit 3A4.

5225	CDCR	California Institution for Men, Chino: 50-Bed Mental Health Crisis Facility Construction	0	91,032,000 Lease Revenue Bonds for construction.	The Governor’s budget included funding to construct a licensed 50-Bed Mental Health Crisis Facility (MHCF) to provide housing, treatment, and office space to allow for inmate-patients in a crisis mental health state, or requiring other levels of licensed mental health care, to be treated at the California Institution for Men (CIM).

5225	CDCR	Valley State Prison, Chowchilla: Arsenic Removal Water Treatment Plant Working Drawings	1,453,000	0	The Governor's budget included funding for the final phase of design of an arsenic removal water treatment plant at Valley State Prison due to the increase in arsenic levels in the wells at VSP and the adjacent Central California Women's Facility. This treatment plant will ensure compliance with the Environmental Protection Agency (EPA) and State Water Resources Control Board (SWRCB) drinking water quality standards
5225	CDCR	Statewide: Budget Packages and Advanced Planning	250,000	0	The Governor's budget included funding perform advanced planning functions and prepare budget packages for capital outlay projects to enable the CDCR to perform advanced planning functions such as environmental reviews and site assessments to determine the feasibility of future capital outlay requests.
5225	CDCR	Various Projects: Carryover	0	224,477,000	
5225	CDCR	Ironwood State Prison, Blythe: Heating, Ventilation and Air- Conditioning System Reappropriation	0	70,197,000	Funding for construction was received in the 2014 Budget Act and subsequently reappropriated in the 2015 and 2017 Budget Acts. The construction completion has been delayed due to development and State Fire Marshal review of deferred fire alarm submittal and additional work required due to conflicts with existing utility locations at housing units. The Governor's budget included a reappropriation of \$70,197,000--the unexpended funding balance in the amount.
5225	CDCR	Calipatria State Prison, Calipatria: Health Care Facility Improvement Project Reappropriation (Phase II)	1,631,000	0	Funding for Construction of Phase II was received in the 2017 Budget Act. Due to delays encountered related to project connectivity to the existing fire alarm system and corrections to existing non-conforming conditions to address State Fire Marshal code requirements, the construction will not be completed by June 30, 2020. The Governor's budget included a reappropriation of \$1,631,000--the unexpended funding balance in the amount.
5225	CDCR	Correctional Training Facility, Soledad: Health Care Facility Improvement Program--Specialty Care Clinic Construction	0	2,666,000	Subsequent to the 2019 Budget Act, it was determined that the construction funding is not adequate due to unanticipated existing building conditions. Therefore, the May Revision includes a supplemental appropriation for the construction phase in the amount of \$2,666,000 from the Public Buildings Construction Fund (0660). The total estimated project cost is \$13,101,000.

5225	CDCR	Various Projects: Health Care Facilities Improvement Program - Increase Lease Revenue Bond Authority Construction	0	32,532,000	It is requested that statutory language be adopted to increase the lease revenue appropriation authorized by Government Code section 15819.403 for this construction program by \$32,532,000. This program provides medical, dental, and mental health treatment or housing space at existing prison facilities. This action is necessary to address cost increases and to comply with the Receiver's Turn-Around Plan of Action related to the Plata litigation. This language also includes reporting requirements to allow the Legislature to monitor the progress in the program.
5225	CDCR	California Men's Colony, San Louis Obispo: West Facility Central Kitchen Replacement – Continued Construction	0	8,205,000 Lease Revenue	<p>The proposal is on the construction of a new approximately 10,000 square foot (sf) Central Services Kitchen at the California Men's Colony (CMC), West Facility, and two approximately 4,700 sf satellite dining facilities; one at Unit I and one at Unit II.</p> <p>During construction, it was determined that the construction funding is not adequate to complete construction. Therefore, the May Revision seeks a supplemental appropriation for the construction phase in the amount of \$8,205,000. The total estimated project cost is \$32,912,000.</p>
5225	CDCR	California State Prison, Los Angeles County, Lancaster: Medication Preparation Room Unit D5 Preliminary Plans	300,000	0	The May Revision includes funding for design and construction of a Medication Preparation Room (MPR) at the California State Prison, Los Angeles County (LAC) in housing unit D5. A MPR is designed for nursing staff to prepare medications to provide to Administrative Segregation Unit inmates. This proposal requests funding for the preliminary plants phase of this project. The total estimated project cost is \$3,398,000 General Fund.
5225	CDCR	Central California Women's Facility, Chowchilla: Medication Distribution Improvements Phase II,	753,000	0	The construction amount includes \$344,000 for the construction contract, \$24,000 for contingency, \$55,000 for architectural and engineering services, \$62,000 for agency retained items, and \$268,000 for other project costs.

5225	CDCR	California Health Care Facility, Stockton: Medication Distribution Improvements Phase II	5,246,000	0	The construction amount includes \$3,770,000 for the construction contract, \$264,000 for contingency, \$208,000 for architectural and engineering services, \$347,000 for agency retained items, and \$657,000 for other project costs.
5225	CDCR	California Institution for Women, Chino: Medication Distribution Improvements Phase II	804,000	0	The construction amount includes \$368,000 for the construction contract, \$25,000 for contingency, \$55,000 for architectural and engineering services, \$62,000 for agency retained items, and \$294,000 for other project costs.
5225	CDCR	Correctional Training Facility, Soledad: Medication Distribution Improvements Phase II	724,000	0	The construction amount includes \$292,000 for the construction contract, \$21,000 for contingency, \$55,000 for architectural and engineering services, \$62,000 for agency retained items, and \$294,000 for other project costs.
5225	CDCR	Folsom State Prison, Folsom: Medication Distribution Improvements Phase II	1,035,000	0	The construction amount includes \$533,000 for the construction contract, \$37,000 for contingency, \$55,000 for architectural and engineering services, \$65,000 for agency retained items, and \$345,000 for other project costs.

0250 JUDICIAL BRANCH**Issue 118: Ability to Pay Expansion**

Request. The May Revision includes a sustained Governor's budget proposal for seven positions and \$11.5 million General Fund in 2020-21 (increasing to \$56 million annually beginning in 2023-24) to:

- ***Expand Online Adjudication Tool Statewide.*** The Governor's budget requires the Judicial Council to (1) develop an online adjudication tool for all infraction violations (not just traffic infractions) that would include an ability-to-pay component and (2) make the tool available statewide by June 30, 2023. While trial courts could choose whether to make use of the full online tool, all courts would be required to offer the ability-to-pay component of the tool by June 30, 2023. The Governor's budget proposes \$3.9 million, declining to \$1.8 million annually beginning in 2023-24, to support this expansion.
- ***Backfill Expected Reduction in Fine and Fee Revenue.*** Given that the online adjudication tool allows individuals to more easily seek reductions in the total amount of criminal fines and fees that they are assessed, the amount of criminal fine and fee revenue collected is expected to decline on an ongoing basis. To address this decline, the Governor's budget proposes an ongoing backfill for reductions in revenues deposited into the TCTF, IMF, SCFCF, ICNA, and CFTF. The Governor's budget estimates that this backfill will be \$7.6 million in 2020-21 and will reach \$54.2 million in 2023-24. Under the proposal, the exact of amount of this backfill would be adjusted annually to address whatever the actual loss in revenue is determined to be.
- ***Trailer Bill Language.*** The Governor's proposal also includes trailer bill language eliminating the pilot program established in the 2018-19 budget and making certain components of the pilot program permanent, such as requirements related to the ability to pay determinations and to online trials for those trial courts that choose to offer them. Under the language, an evaluation of the pilot program activities would no longer be required.

Staff Recommendation. Approve allocations as budgeted and adopt placeholder trailer bill language.

Staff Recommendation adopted. Vote count of 2-1 (Moorlach NO).

Federal Fund Items for Discussion**5227 BOARD OF STATE AND COMMUNITY CORRECTIONS (BSCC)****Issue 120: Budget Year Federal Spending Authority Increase for Edward Byrne Memorial Justice Assistance Grant (JAG) / Coronavirus Emergency Supplemental Funding (CESF)**

Request. The May Revision includes a budget year spending authority increase for the BSCC for \$58,519,000.

Background. The federal CARES Act includes \$850 million for the Byrne-Justice Assistance Grant Program (Byrne-JAG). Byrne-JAG is the most flexible federal law enforcement grant program and will allow state and local police departments and jails to meet local needs, including purchase of personal protective equipment and other needed medical items and to support overtime for officers on the front lines. Specifically for California, the allocation is an estimated \$93.7 million. Of this amount, with \$58.5 million for the state and \$35.2 million for local law enforcement grants. The \$35.2 million has been directly allocated to cities and counties from the feds according to a formula that dictates how these allocations went out.

- The BSCC is the State Administering Agency (SAA) for the Coronavirus Emergency Supplemental Funding (CESF) that is administered by BJA and is similar to Byrne JAG but a separate program. BSCC/SAA allocation is \$58,518,568. BSCC applies to Feds for \$58.5 M, receives that funding, and then develops an application process for local grantees.
- According to the BSCC, the approach that CA will use for the \$58.5 Million grant process is still to be determined. According to the National Criminal Justice Association's, the funding be used for law enforcement, prosecution, indigent defense, courts, crime prevention and education, corrections and community corrections, drug treatment and enforcement, planning, evaluation, technology improvement, crime victim and witness initiatives, and mental health programs.
- Funds awarded under the CESF Program must be utilized to prevent, prepare for, and respond to the coronavirus. Allowable projects and purchases include, but are not limited to, overtime, equipment (including law enforcement and medical personal protective equipment), hiring, supplies (such as gloves, masks, sanitizer), training, travel expenses (particularly related to the distribution of resources to the most impacted areas), and addressing the medical needs of inmates in state, local, and tribal prisons, jails, and detention centers.

Other Items for Discussion**0690 GOVERNOR'S OFFICE OF EMERGENCY SERVICES****Issue 21: Community Power Resiliency/Public Safety Power Shutdowns**

January Proposal (Sustained). CalOES requests \$50 million one-time General Fund to support additional preparedness measures that bolster community resiliency from public safety power shutdowns (PSPS) and build on the 2019-20 PSPS investments.

Background. The 2019 Budget Act provided \$75 million General Fund, available over three years, for state operations and local assistance to respond to the PSPS events initiated by investor-owned utilities (IOU).

On October 25, 2019, the Department of Finance provided a letter to the Joint Legislative Budget Committee with a Public Safety Power Shutdown Resource Allocation Update, and provided \$37.5 million to ensure a continuity of state operations, and \$37.5 million to be shared among cities, counties, and tribes. Counties received \$26 million through a formula based on population and whether it experienced a PSPS event. Of the cities, San Jose, Los Angeles, San Diego, and Oakland, were guaranteed \$500,000; other cities were required to compete for funds, with a capped grant award at \$500,000. Tribes also competed for \$1.5 million.

Funds for local entities were conditioned on collaboration between cities and counties, and were allowed to purchase equipment, for public education materials, risk assessments of critical infrastructure, among others. The funds were not eligible for “response costs,” which include emergency operations center staffing, security, law/fire response, and other overtime charges. The funds for state agencies and departments were used to ensure continuity of operations and public services statewide.

The current proposal includes provisional language that allows the funding to be used for state operations or local assistance, and would extend the availability of funds (for encumbrance) to June 30, 2023. The Administration has stated that it is currently considering methods of distribution, such as a local match requirement.

The allocations for state entities are as follows:

Department	Amount	Purpose
Office of Emergency Services	\$ 12,500,000	Fixed and portable generators, portable solar/battery backup power units, and related logistics, GIS, planning, and grant support.

Issue 21: Community Power Resiliency/Public Safety Power Shutdowns

January Proposal (Sustained). CalOES requests \$50 million one-time General Fund to support additional preparedness measures that bolster community resiliency from public safety power shutdowns (PSPS) and build on the 2019-20 PSPS investments.

Background. The 2019 Budget Act provided \$75 million General Fund, available over three years, for state operations and local assistance to respond to the PSPS events initiated by investor-owned utilities (IOU).

On October 25, 2019, the Department of Finance provided a letter to the Joint Legislative Budget Committee with a Public Safety Power Shutdown Resource Allocation Update, and provided \$37.5 million to ensure a continuity of state operations, and \$37.5 million to be shared among cities, counties, and tribes. Counties received \$26 million through a formula based on population and whether it experienced a PSPS event. Of the cities, San Jose, Los Angeles, San Diego, and Oakland, were guaranteed \$500,000; other cities were required to compete for funds, with a capped grant award at \$500,000. Tribes also competed for \$1.5 million.

Funds for local entities were conditioned on collaboration between cities and counties, and were allowed to purchase equipment, for public education materials, risk assessments of critical infrastructure, among others. The funds were not eligible for “response costs,” which include emergency operations center staffing, security, law/fire response, and other overtime charges. The funds for state agencies and departments were used to ensure continuity of operations and public services statewide.

The current proposal includes provisional language that allows the funding to be used for state operations or local assistance, and would extend the availability of funds (for encumbrance) to June 30, 2023. The Administration has stated that it is currently considering methods of distribution, such as a local match requirement.

The allocations for state entities are as follows:

Department	Amount	Purpose
Office of Emergency Services	\$ 12,500,000	Fixed and portable generators, portable solar/battery backup power units, and related logistics, GIS, planning, and grant support.
Food and Agriculture	\$ 5,000,000	Fairgrounds
