Administrative Procedures Act

SB-181 (Berryhill) - Administrative Procedure Act: repeal of regulations.

The bill would have required each state agency proposing to adopt a new regulation to identify two existing regulations previously adopted by that state agency that would be repealed upon the adoption of the new regulation being proposed.

Status: Senate-Died - Governmental Organization

Legislative History:

Sen Governmental Organization - (5 - 6)

SB-555 (Morrell) - Regulations: 5-year review and report.

The bill would have required a state agency to review and report on regulations that it adopts or amends on and after January 1, 2018, five years after adoption, as specified.

Status: Senate-Died - Governmental Organization

Legislative History:

Sen Governmental Organization - (5 - 3)

Alcoholic Beverages

SB-56 (Mendoza) - Alcoholic beverages: retail licensees: beer returns.

This bill would have specified that a retail licensee may return beer to the wholesaler or manufacturer from whom the retail licensee purchased the beer, if the beer is returned in exchange for the identical quantity and brand of beer produced or sold by the same manufacturer.

Sen Governmental Organization - (11 - 0)

Governor's Veto Message:

Governor's veto message: To the Members of the California State Senate:

I am returning Senate Bill 56 without my signature.

This bill would allow a retail licensee to return beer, to the wholesaler or manufacturer,

for different beer within the same brand.

Current law already allows a retailer to exchange beer for the identical quantity, value, and brand for a host of reasons. Given this existing authority, it is unclear how current law is deficient.

SB-228 (Dodd) - Alcoholic beverage control: public schoolhouses.

This bill provides that the prohibition against the sale or consumption of alcoholic beverages on the grounds of a public schoolhouse does not apply to beer produced by a bonded brewery owned or operated as part of an instructional program in brewing.

SB-254 (Portantino) - Delivery network companies: deliveries of alcoholic beverages.

This bill would have prohibited a certified delivery network from delivering alcoholic beverages sold by an off-sale retail licensee to persons within this state without first obtaining a license issued by the Department of Alcoholic Beverage Control. The bill would have required the department to issue licenses to certified delivery networks on or before January 1, 2020. The bill also would have authorized the department to charge an original and annual fee in an amount no greater than the amount required to cover the actual and reasonable costs of administering the review and approval program.

SB-271 (Mendoza) - Alcoholic beverages: minors: license suspension and revocation.

This bill would have authorized the Department of Alcoholic Beverage Control to not aggregate a first violation of those provisions pertaining to minors as the first violation

for the purposes of determining penalties, suspension, or an offer in compromise if the licensee or designee has completed or agrees to complete a Responsible Retailer Course within 6 months of the date of settlement or final decision. The bill would have authorized the Department to accept a certificate of completion only if the Department previously had received from the training provider an attestation under penalty of perjury that the course meets the prescribed requirements.

Status: Senate-Died - Appropriations

Legislative History:

Sen Appropriations - (7 - 0)

Sen Governmental Organization - (11 - 2)

SB-378 (Portantino) - Alcoholic beverages: licenses: emergency orders.

This bill would have authorized and provided a process for the Department of Alcoholic Beverage Control to temporarily suspend or condition a license by temporary restraining order.

SB-650 (Glazer) - Alcoholic beverage licensees: events: sponsorship and participation.

This bill would have made minor and clarifying changes to a provision within the Alcoholic Beverage Control Act that would have authorized licensees to sponsor or participate in an event conducted by, and for the benefit of, a nonprofit organization.

Status: Senate-Died - Governmental Organization

SB-664 (Dodd) - Alcoholic beverages: tied-house restrictions: advertising.

This bill expands the exceptions to allow beer manufacturers, winegrowers, distilled spirits rectifiers, distilled spirits manufacturers, or distilled spirits manufacturer's agents to purchase advertising space and time, in connection with described events, from, or on behalf of, on-sale retail licensees, as described above, at specified facilities located in the City and County of San Francisco. This bill imposes a state-mandated local program.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Senate:

I am returning Senate Bill 905 without my signature.

This bill would authorize nine California cities to extend the hours businesses can serve alcohol from 2 a.m. to 4 a.m.

Without question, these two extra hours will result in more drinking. The businesses and cities in support of this bill see that as a good source of revenue. The California Highway Patrol, however, strongly believes that this increased drinking will lead to more drunk driving.

California's laws regulating late night drinking have been on the books since 1913. I believe we have enough mischief from midnight to 2 without adding two more hours of mayhem.

SB-973 (Dodd) - Alcoholic beverages: annual license fees: surcharge.

This bill increases the annual surcharge that the Department of Alcoholic Beverage Control collects from each type of alcoholic beverage licensee for the California Highway Patrol's Designated Driver Program from \$5 to \$10, and authorizes a distilled spirits manufacturer to provide consumers a free or discounted ride, as specified.

SB-1283 (Bradford) - Brewpub-restaurant licensees: beer sales.

This bill authorizes a brewpub-restaurant licensee to label, bottle, package, or refill any container with beer produced on their licensed premises and to sell that beer for consumption off the premises. Additionally, this bill makes various changes to the brewpub-restaurant license to allow for greater enforcement by the Department of Alcoholic Beverage Control and limit the number of brewpub-restaurant licenses.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 2573 without my signature.

This bill allows a beer manufacturer to give up to five cases of glassware to an on-sale retail licensee.

Allowing beer manufacturers to give items of value to on-sale retail licensees could unduly influence such retailers to purchase those manufacturers' products. I also worry that this law creates an economic disadvantage for small beer manufacturers who might not be able to provide free glassware in the same manner as the larger manufacturers.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Senate:

I am returning Senate Bill 531 without my signature.

This bill adds port districts that are not a department, division, or a subdivision of a city or county to the list of political subdivisions permitted to declare a local emergency under the California Emergency Services Act.

Allowing port districts to declare a local emergency without involving their neighboring cities and counties runs counter to the system of mutual aid which is dependent upon local cooperation. By facilitating the efficient flow of resources and information, local cooperation during an emergency allows the state to determine the proper allocation of emergency support. This bill will disrupt the state's ability to evaluate such resource requests - to the possible detriment of those who need help.

SB-532 (Dodd) - Emergency services: state of emergency: cyberterrorism.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 531 without my signature.

This bill requires the Department of Technology's Office of Information Security to review state departments' information security policies to determine if they are sufficient to protect critical government information. The bill also requires the Office to develop a statewide plan to address any deficiencies it sees in its review of departments' cybersecurity practices.

By June 30th, 2018 my administration will finish information security assessments of every state department as required by AB 670. These assessments identify and correct departments' network vulnerabilities. Going forward, each department will receive additional assessments every two years. The Department is also performing audits on departments that scrutinize how their information security practices measure up to the state's information security policies. This coordinated approach to the state's cybersecurity will improve each state department's policies, procedures, and networks so that the state's critical information is secure.

Informed by these assessments and audits, in early 2018 the Department will complete a strategic plan that outlines the state's information security priorities for departments to implement.

Because these efforts will fulfill many of this bill's objectives, I am reluctant to sign the bill at this time

Two years ago I established the California Cybersecurity Integration Center when I signed Executive Order B-34-15. Cybersecurity threats against the state are constantly changing and the Center continues to mature in response to these threats. I am concerned that placing the Center in statute as this bill proposes to do, will unduly limit the Center's flexibility as it pursues its mission to protect the state against cyberattacks.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 2681 without my signature.

This bill requires local building departments in seismically active areas to submit an inventory of potentially vulnerable buildings to the Office of Emergency Services by January 1, 2021 and requires the Office to develop a statewide inventory of those buildings by January 1, 2023.

I agree with the author's goal to mitigate the effects of a large-scale earthquake. I am concerned, however, that this bill will not provide the greatest value for the significant investment this enterprise requires.

A more suitable approach is to develop a partnership between the state, local governments and building owners to develop a plan to cost effectively identify collapse prone buildings and a realistic timetable to develop an inventory.

Therefore, I will ask the California Seismic Safety Commission and other seismic experts to provide recommendations that identify an achievable path toward improving the safety of earthquake-vulnerable buildings.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 2734 without my signature.

This bill removes the California Transportation Commission from the California Transportation Agency and establishes the Commission as an independent entity in state government.

I signed legislation in 2012 that affirmed the Commission's independent authority to perform its duties and no evidence has been presented which would suggest a need to now change the existing framework.

State Lottery

SB-619 (Bradford) - Lottery tickets: ticket messenger service.

The bill would have allowed a business that is not a lottery game retailer to purchase lottery tickets from an authorized lottery retailer on behalf of individuals who order those tickets through an Internet Web site or mobile application operated by that business.

SB-605 (Galgiani) - Small Business Procurement and Contract Act: small business.

The bill revises, beginning January 1, 2019, the definition of "small business" and "microbusiness" for purposes of the Small Business Procurement and Contract Act by increasing the dollar amount threshold for a small business to \$15 million and for a microbusiness to \$5 million and requires those dollar amounts to be adjusted to reflect changes in the California Consumer Price Index biennially. In addition, the bill revises, beginning January 1, 2019, the definition of small business by specifying that, for the purposes of public works contracts and engineering contracts for public works projects, a "small business" means a business with 200 or fewer employees and average annual gross receipts of \$36 million or less over the previous three years.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 547 without my signature.

This bill would require the state to pay invoices within 30 days when submitted by a disabled veteran business enterprise that is also small business.

The Prompt Payment Act already requires invoices to be paid within 45 days. While I am supportive of our small disabled veteran business enterprises, I think that it is important for the state to continue to focus on making timely payments on all state contracts.

Rather than introducing a new process that could undo the state's progress, I would simply encourage state agencies to accelerate payments on invoices whenever possible.

AB-1080 (Gonzalez Fletcher) - Public contracts: bid preferences: employee health care coverage.

The bill requires a state agency awarding specified contracts to provide a 5% bid preference to that portion of the total bid performed by a bidder or subcontractor if its employees, during the time that they were employed, were covered by credible, health care coverage, as defined, during the 12-month period immediately preceding submission of the bid.

Governor's Veto Message:

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 1080 without my signature.

This bill would provide a bid preference to a bidder providing health care coverage to employees.

While I appreciate the author's intent to promote access to health care, I am concerned about the impact on small businesses competing for state contracts. Furthermore, a new bid preference for public works and other services may ultimately result in the state paying more for contracts.
